SVELT

SMOOTH ROLLER

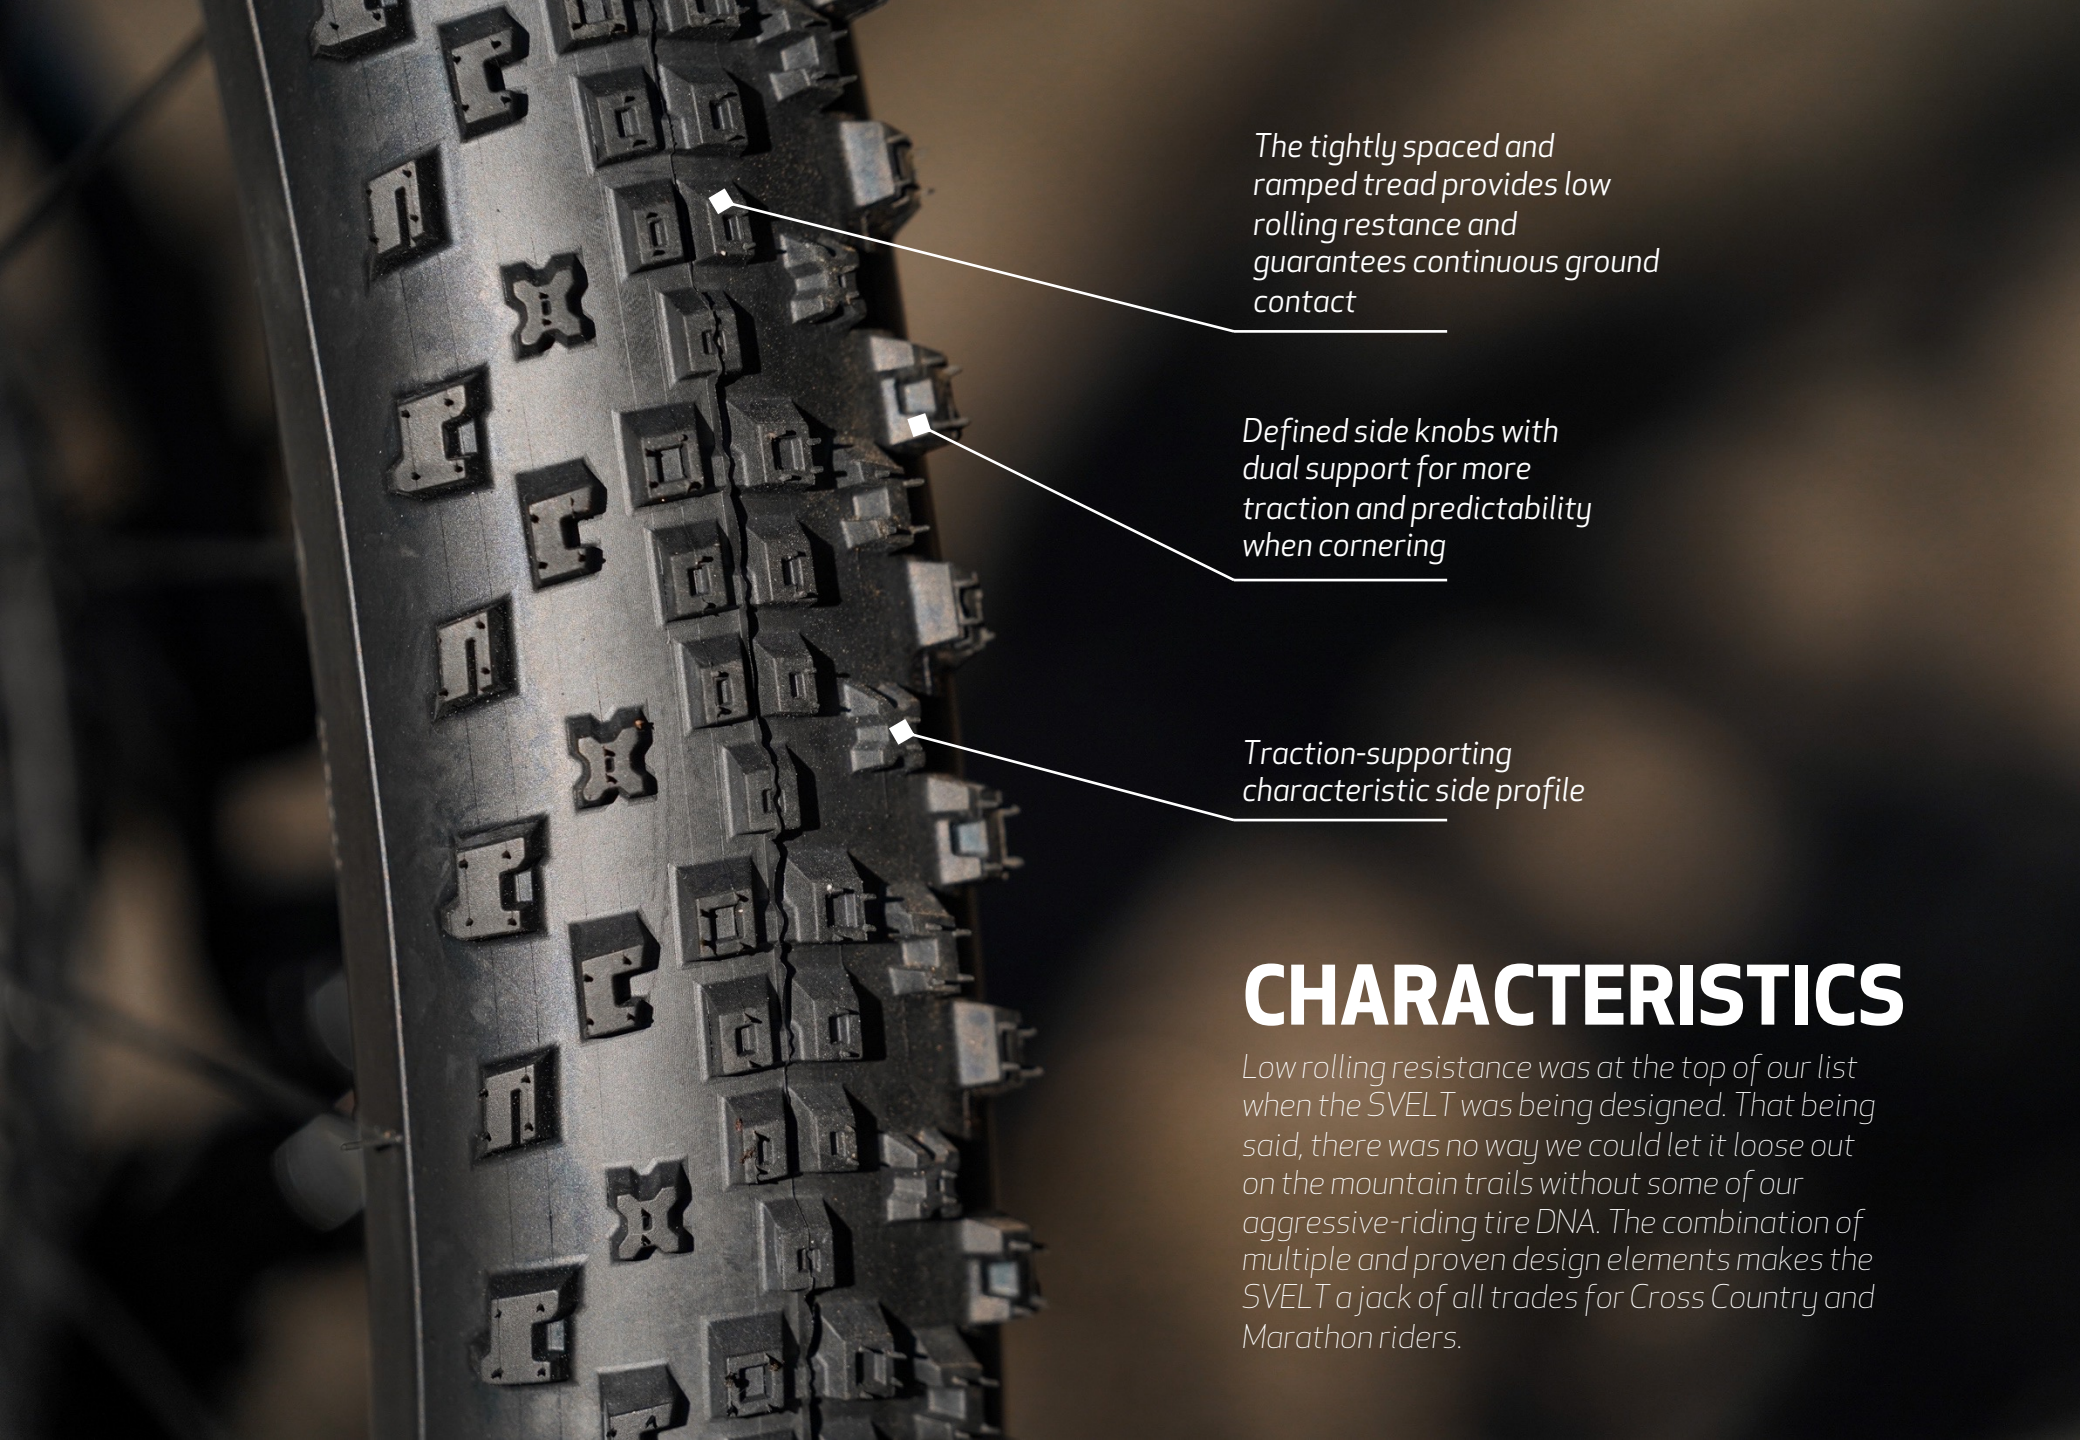

Looking for a tire which combines efficiency, grip and comfort on fast and hard-packed terrain? This is where the SVELT comes in to play! The flat, low-profile block tread lets it roll rapidly with virtually no resistance on dry surfaces. Now available in 29x2.3.

PACKAGE COMPLETED

Alongside the Canis, the SVELT positions itself as the ideal tire for all those who ride on dry and fast terrain.

The tightly spaced and ramped tread provides low rolling resistance and guarantees continuous ground contact

Defined side knobs with dual support for more traction and predictability when cornering

Traction-supporting characteristic side profile

CHARACTERISTICS

Low rolling resistance was at the top of our list when the SVELT was being designed. That being said, there was no way we could let it loose out on the mountain trails without some of our aggressive-riding tire DNA. The combination of multiple and proven design elements makes the SVELT a jack of all trades for Cross Country and Marathon riders.
