Hakka Food Dehydrator 16 Trays Stainless Steel 360°Rotation Meat Jerky Dryer (DBC-16B)

Technical Data

Length	21.7"
Width	16.5"
Height	29.7"
Net Weight	52 LB
Gross Weight	54 LB
Voltage	110V/60hz
Power	1800W
Max. Timing	15h
Temp. Range	104~194°F
Noise	50db
Material	Stainless Steel

Features

- 360-Degree Rotation: Ensures even drying from all angles for perfectly dehydrated snacks.
- Premium Stainless Steel: Made with durable 304 stainless steel, offering food-grade safety and corrosion resistance.
- Smart Digital Controls: Features an intuitive control panel for precise time, temperature, and rotation settings.
- Energy-Efficient Dual Motors: Powerful performance with dual motors, providing efficient drying while saving energy.
- 16-Tray Capacity: Offers ample space for dehydrating fruits, jerky, herbs, and more, with adjustable temperature and time settings for customized results.

Notes & Details

The Hakka 16-tray stainless steel commercial food dehydrator is designed for efficiency and precision, featuring a unique 360-degree automatic rotation that ensures even drying from all angles. Constructed from premium 304 stainless steel, this dehydrator is both durable and resistant to corrosion, guaranteeing food-grade safety. The user-friendly digital control panel allows you to effortlessly set and monitor time, temperature, and rotation, while the energy-efficient dual motors provide powerful performance that speeds up the dehydrating process and reduces energy costs. With adjustable temperature settings ranging from 104°F to 194°F and time settings from 0.5 to 24 hours, this dehydrator operates quietly at under 50dB, offering precise control to create perfectly dehydrated snacks. Ideal for commercial kitchens, the expanded capacity with 16 spacious trays makes it easy to dehydrate a variety of foods in one go, transforming your kitchen into a flavor-packed paradise.
