Notes & Details

The Hakka 10-tray stainless steel commercial food dehydrator is perfect for efficiently drying a variety of foods, such as fruits, meats, herbs, and more, while retaining their natural flavor, freshness, and color. This dehydrator features intuitive digital controls with a wide temperature range of 86°F to 194°F and a timer setting of up to 24 hours, allowing precise customization for different ingredients. Its durable stainless-steel construction includes 10 removable chrome-plated racks, offering a large drying capacity. The unit is equipped with a transparent door for easy monitoring, double safety locks for added security, and a rear-mounted fan for even air circulation. Ideal for use in commercial kitchens, it's designed for easy cleaning and versatile use, making it an essential tool for creating a variety of dehydrated foods with ease.
