Notes & Details

The Hakka #32 Commercial Electric Meat Chopper Grinder processes 705 pounds per hour with a robust 1500W motor, making it ideal for both home and commercial use. Its stainless-steel outer housing, feed assembly, and auger ensure durability and easy cleaning. Equipped with a circuit breaker for safe operation, this grinder features an energy-efficient motor with a cooling fan, precision gear drive, and overload protection. The permanently sealed gear box with lithium grease requires no oiling. Designed for versatility, it includes two grinding plates and sausage-making tools, making it perfect for grinding meats, poultry, wild game, and even vegetables. The compact design, easy disassembly for cleaning, and stable operation due to rubber feet make this grinder a reliable and efficient addition to any kitchen. The Hakka TC series Grinder combines power, safety, and ease of use, conforming to all safety standards and offering excellent performance for various grinding needs.
