Celebrating our 25th Anniversary

Dear UnCruise Family,

Thank you for adventuring with us for the past twenty five years. We have embraced small boat, small group, small footprint leadership since starting in 1996. In 2021 we celebrated our 25th anniversary. I know that travel is something that will continue to bring us together. As we begin to see more normalicy in the small ship industry and get back to more of our own travels, it has warmed my heart to welcome each guest I've seen in Juneau and our other destinations. Greeting my fellow adventurers face to face is one of the driving reasons I continue to do what I do.

As we progress from 2022 to 2023 we've seen features in local, national and international press and have been recognized as one the best adventure cruise lines. Later this year we prepare to release Unjourney, a new video series that highlights my visions and our journey forward.

Looking forward, we will stay committed to our message, our core values and our company culture that make us who we are. A company that supports our communities, our planet and each other. Our focus on UnTourism and remote adventures leads the way for the next generation of UnCruising. One that creates conscious adventurers. I'm living the dream I envisioned while sailing the world on my sailboat so many years ago, and I wouldn't have it any other way.

Over and out for now, UnCruisers. I can't wait to see you onboard.
