

Neptune™ Outdoor Soundbar

NTSB150

Elevate your outdoor entertainment with the Neptune™ Outdoor Soundbar and enjoy premium audio all year long. Designed for all-season performance, this soundbar boasts an IP55 rating which ensures durability against rain, snow, ice, and heat. For ease of use and installation, this soundbar features a universal mounting option with analog, digital and wireless connections, making it possible to integrate with any display or TV. With additional features such as Bluetooth® v5.3 connectivity, high-quality drivers that provide full range audio (70Hz – 20kHz), and a built-in Class D amplifier that outputs 150 watts of peak power, your outdoor entertainment gets a complete audio upgrade.

All Weather Rated: IP55

Operating Temperature Range:
-22°F to 122°F (-30°C to 50°C)

- Built-in Class D amplifier delivers 150W of peak power for dynamic, high-performance sound
- IP55-rated enclosure fully seals and protects the soundbar's electronics from dust, moisture, and harsh outdoor conditions
- High-quality drivers deliver rich, full-range audio (70Hz – 20kHz) for an immersive listening experience
- Control audio level, tone, and input selection with the included 17-button IR Remote Control (IP65)
- Easily mounts to Neptune™ Outdoor TVs with the included outdoor-rated mounting hardware
- HDMI ARC connection allows for soundbar to be controlled through TV via CEC
