

STRDH190

Stereo Receiver Phono Input and Bluetooth® Connectivity | STR-DH190

The STR-DH190 stereo receiver delivers quality sound from vinyl and digital music BLUETOOTH® connectivity. Pair with turntables including PS-HX500 and PS-LX310BT to amplify your records.

Bullets

- Sound-matched to PS-HX500 and PS-LX310BT for optimal performance
- Phono input for connection to turntable
- BLUETOOTH® for easy connection with mobile devices
- Engineered for superior sound quality
- A and B speaker function for flexible installation

Features

Sound-matched to PS-HX500 and PS-LX310BT turntables

Pair your receiver with either the PS-HX500 or the PS-LX310BT to get optimal sound from your vinyl.

Phono input for your turntable

Plug your turntable into your receiver via the phono input for appropriate pre-amplification and EQ.

Smarter Bluetooth® connectivity

Not only can you connect to the STR-DH190 through Bluetooth® and play all your favorite tracks, but with Bluetooth® Standby, you can turn your receiver on straight from your paired smartphone or tablet.

Connect your equipment

The STR-DH190 has four analog audio inputs and one output, for easy connection to your audio recording device and other audio equipment.

Power amplifier for minimal distortion

A discreet amplifier gives high power and a pure sound.

Precision audio with a reinforced chassis

A reinforced frame and beam chassis design reduces transmitted vibration from speaker sound

pressure for more focused, powerful sound.

Expertly designed to reduce vibration

Rigid parts hold the heat sink in place, reducing transmitted vibration from speaker sound pressure.

The optimal layout for the Phono and transformer

The phono amplifier and transformer are positioned optimally to minimize interference from the magnetic field.

Flexible speaker installation

The STR-DH190's A+B function lets you connect two sets of front speakers. You can easily switch between A or B or use both together to run outdoor speakers or set them up in a different room from the same amp.

Large capacity power transformer built for clarity

Care and attention to the highest quality audio starts with the power transformer.

The Way The Artists Truly Intended

Enjoy the subtlest nuances of studio-quality sound in higher than CD quality with High-Resolution Audio. Passion for music unites every component from signal to speaker so it feels like the artist is performing right in front of you.

FM tuner with presets

An FM tuner with 30 digital presets with station names, as well as auto tuning.

Specification

Amplifier	
Number of Amp. Channels	2ch (Supporting Speaker A+B)
Power Output	100 W + 100 W (8 ohms, 1 kHz, THD 1%)
Speaker Impedance	6–16 ohms
Audio Features	
PHONO VOLUME OFFSET	Yes
General Features	
Auto Standby	Yes
Power Requirement	AC 120 V 60 Hz
Interface	
Input and Output Terminals	Analog Audio Input (4), Phono input (1), Headphone Output (1)

Speaker Output Terminals	A/B
Network Connectivity	
Network features	Bluetooth® Receiver
Size & Weight	
Dimensions (W x H x D in)	17" x 5-1/4" x 11-1/4" (430 x 133 x 284 mm)
Weight (lb)	14 lb 13 oz (6.7 kg)
Tuner Features	
FM/AM	Yes / No
Preset Channel (FM/AM)	TTL30 (30/-)
