

EVENSWISS 
WITH DERMATOPOIETIN®

2021 | INGREDIENTS LIST

SWISSNESS PREMIUM

REJUVENATING SERUM

KEY BENEFITS

- Improve epidermal metabolism
- Repair minor skin defects
- Provide firmed skin
- Natural antioxidant

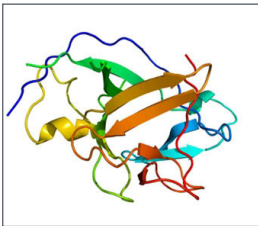

PROVEN BEAUTY
e 50ml 1.7 fl.oz.

INGREDIENTS

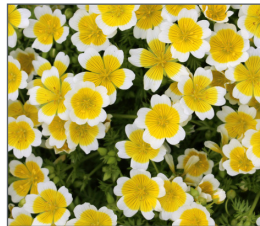

Aqua (Water), Pentylene Glycol, Glycerin, Hydrogenated Polyisobutene, Dicaprylyl Carbonate, Cyclopentasiloxane, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Limnanthes Alba Seed Oil, Squalane, Jojoba Esters, Helianthus Annuus Seed Cera, Argania Spinosa Kernel Oil, Dimethicone Crosspolymer, Alcohol, Xanthan Gum, Sodium PCA, Imidazolidinyl Urea, Isomalt, Lecithin, Caprylic/Capric Triglyceride, Disodium EDTA, Polysorbate 60, Sorbitan Isostearate, Lysine HCl, Ectoin, Parfum, Polysorbate 80, Madecassoside, Acacia Decurrens Flower Cera, Polyglycerin-3, Propanediol, Hydrogenated Vegetable Oil, Caprylyl Glycol, Phenoxyethanol, Polyquaternium-51, Sodium Hydroxide, Hordeum Vulgare Seed Extract, Hexapeptide-18, Sodium Hyaluronate, Lavandula Stoechas Extract, Argania Spinosa Sprout Cell Culture Extract, Polygonum Fagopyrum Seed Extract, Mannitol, Carbomer, Tocopherol, Soy Isoflavones, Sodium Chloride, Sodium Benzoate, Disodium Phosphate, Tripeptide-10 Citrulline, Cyclotetrapeptide-24 Aminocyclohexane Carboxylate, Sh-polypeptide-17.

KEY INGREDIENTS

Dermatopoietin® Peptide Complex

Dermatopoietin® is our trade name for interleukin-1 alpha (IL1a). IL1a has been shown to stimulate dermal fibroblasts to produce a.o. collagen and elastin, two major building blocks of the skin's connective tissue, and to release several growth and differentiation factors, which act on the epidermis promoting its regeneration. Dermatopoietin® is always used in combination with Hexadelfine®. These two compounds are referred to as Dermatopoietin® Peptide Complex.

Meadowfoam seed oil (from Limnanthes Alba Plant)

Because of the high levels of antioxidants that it contains, and the ease with which it is absorbed, meadowfoam seed oil is very popular for mature skin as a moisturiser. It penetrates deep down onto the skin and the antioxidants that it contains help to fight off the signs of ageing, like lines and wrinkles on the skin. It is also very effective in balancing out the production of sebum, so it can be a good moisturiser to use, if your skin tends to get greasy during the course of the day.

Soy isoflavones

Soybeans are one of nature's best-kept secrets to maintaining healthy, youthful skin. It has just the right kind of properties to keep your skin full of moisture, but not looking greasy. Products that contain soybeans can be applied to both dry and oily skin a few times per week to help your skin look and feel healthier. If you have puffy or tired looking skin, soybeans can help it appear firmer and younger. This is because it helps promote collagen production, an important part of skin's elasticity.

Argania Spinosa Oil (Argan Oil)

One of the main reasons that argan oil is so healing, is that it is rich with vitamin A and vitamin E. However, argan oil is also packed with anti-oxidants, Omega-6 fatty acids, and linoleic acid. As mentioned, Argan oil contains a high level of fatty acids, in fact, it is comprised of roughly 80% fatty acids which work wonders to erase signs of premature aging. Being a natural oil, it hydrates, softens and protects the skin. Argan oil works for skin types.

Hordeum Vulgare (Barley plant)

Barley extract, derived from the barley plant (Hordeum vulgare), contains significant concentrations of phenols, which are known to provide antioxidant activity. Antioxidant protection helps to defend the skin against harmful free-radicals that are present in the environment. When topically applied; barley extract can be used to support beautiful, healthy looking skin.

ACTIVE INGREDIENTS

Dermatopoietin® Peptide Complex

Activates the self-regenerative capacity of skin, activates the dermal synthesis of collagen and elastin, increases elasticity and tightness of skin, reduces fine lines and wrinkles.

Cyclotetrapeptide-24
Aminocyclohexane Carboxylate

Improves wrinkle reduction and the skin's smoothness, firmness and elasticity.

Tripeptide-10 Citrulline

Prevents loss of elasticity loss, delays aging of skin proteins due to its good cohesion of collagen fibres.

Squalane

Emollient to the skin, improves the skin's lipid barrier.

EVENTONE SERUM

KEY BENEFITS

- Preventing the activation of tyrosinase, blocks melanin synthesis
- Inhibits melanocyte differentiation
- Detoxification, skin restructuring, firming
- Intense skin lightening activity
- Helps maintain a healthy look and feel
- Inhibition of the coloration of pre-existing melanin pigments

PROVEN BEAUTY

e 50ml 1.7 fl.oz.

INGREDIENTS

Aqua (Water), Glycerin, Niacinamide, Propanediol, Dicaprylyl Ether, Phenyl Trimethicone, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Zinc Oxide, 1,2-Hexanediol, Caprylyl Glycol, CI 77891, Brassica Campestris Seed Oil, Methyl Methacrylate Crosspolymer, Squalane, Potassium Cetyl Phosphate, Glycyrrhiza Glabra Root Extract, Polyglyceryl-3 Diisostearate, Carbomer, Sodium Ascorbyl Phosphate, Polysorbate 60, Sorbitan Isostearate, Parfum, Althaea Officinalis Root Extract, Methylpropanediol, Oryza Sativa Bran Extract, Hexapeptide-18, Sodium Hydroxide, Ascorbyl Methylsilanol Pectinate, Tocopherol, Mannitol, Sodium Chloride, Disodium Phosphate, Sh-Polypeptide-17.

KEY INGREDIENTS

Glycyrrhiza Glabra Root Extract
Hyperpigmentation or dark spots can be common after an acne breakout, an eczema flare or a sunburn. Licorice root extract is a common ingredient used in many skincare products to lighten the discoloration or pigmentation. Glabridin, an active ingredient in Licorice root, has shown to possess anti-inflammatory effects and inhibits tyrosinase, a key enzyme that is responsible for making the pigmentation. Liquiritin is another active ingredient, which does not inhibit tyrosinase but it helps to disperse and remove melanin and pigments in the skin. Skin-care products that contain the licorice extract have the potential to alleviate the discomfort and inflammation associated with sunburn. For centuries, Licorice root has been used to treat a wide variety of inflammatory skin conditions, such as eczema, psoriasis, contact dermatitis, seborrheic dermatitis, psoriasis and other conditions characterized by inflammation and itch.

Oryza Sativa Bran Extract
Rich in antioxidants and packed with Vitamins B and E, Bran Extract is quickly becoming a major player in the world of skin care. Because of all its nourishing natural components, people in Japan celebrate it as one of the best products for anti-ageing. It also has antioxidants like beta-carotene and lycopene that protect the skin from environmental stress. Helps prevent premature wrinkles. Lightweight linoleic rich oil makes it suitable for acne-prone skin. Softens and smooths the skin. Helps inhibit melanin pigmentation. Evens out skin tone and texture. Increases skin barrier protection while effectively retaining moisture.

Vitamin B3
The energizer. Vitamin B3, also known as niacinamide, offers a host of benefits that all ages and skin types can benefit from. Niacinamide can help with hyperpigmentation by reducing pigment production and the subsequent transfer of pigment into your skin, leaving you with a more even complexion. Niacinamide increases the production of one of the most important lipids-ceramide-which strengthens your skin and prevents water loss. Your skin will be stronger, better hydrated and healthier, as well as less sensitive through B3 usage. It's also especially good for rosacea sufferers.

Brassica Campestris Seed Oil
Rapeseed, also called canola is a very versatile and useful oil. It is a natural source of vitamin E, a strong anti-oxidant which protects against aging in skin care. Canola can help to lessen the appearance of scarring, and. Canola oil has natural anti-inflammatory properties. Skin conditions like eczema and acne can be very itchy and uncomfortable. Canola oil is long-lasting and can keep the irritation at bay all day and relieve that annoying itching.

Althaea Officinalis Root Extract
Marshmallow root is a natural skincare wonder. It contains a high percentage of mucilage, which has intensive hydrating, softening, and balancing properties. The anti-inflammatory properties of the extract make it a great choice for people with problem skin, such as sufferers from eczema or rosacea. Marshmallow extract contains a number of other ingredients that promote skin health, such as polysaccharides and flavonoids.

ACTIVE INGREDIENTS

Dermatopointin® Peptide Complex

Activates the self-regenerative capacity of skin, activates the dermal synthesis of collagen and elastin, increases elasticity and tightness of skin, reduces fine lines and wrinkles.

REJUVENATING EYE COMPLEX

KEY BENEFITS

- Improves the skin's micro-texture, reduces lines and wrinkles
- Prevents and fights under-eye bags
- Delivers a visible lift, improves the skin's firmness and makes it appear younger

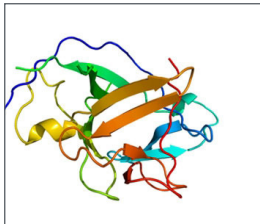

PROVEN BEAUTY

€ 15ml 0.5 fl.oz.

INGREDIENTS

Aqua (Water), Glycerin, Pentylene Glycol, Dicaprylyl Carbonate, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Cyclopentasiloxane, Imidazolidinyl Urea, Isomalt, Alcohol, Dimethiconol, Argania Spinosa Kernel Oil, Boron Nitride, Zea Mays Kernel Extract, Hippophae Rhamnoides Oil, Jojoba Esters, Butylene Glycol, Disodium EDTA, Polysorbate 60, Polysorbate 80, Sorbitan Isostearate, Helianthus Annuus Seed Cera, Niacinamide, Sodium Lauroyl Lactylate, Lecithin, Sodium Starch Octenylsuccinate, Maltodextrin, Calcium Pantothenate, Hesperidin Methyl Chalcone, Parfum, Sodium Ascorbyl Phosphate, Steareth-20, Phenoxyethanol, Sodium Hydroxide, Hexapeptide-18, Acacia Decurrens Flower Cera, Polyglycerin-3, Carbomer, Pyridoxine HCl, Tocopheryl Acetate, Ceramide NP, Sodium Lactate, Ceramide AP, Phytosphingosine, Soy Isoflavones, Cholesterol, Polysorbate 20, Sodium Citrate, Xanthan Gum, Argania Spinosa Sprout Cell Culture Extract, Mannitol, Ethylhexylglycerin, Potassium Sorbate, Tocopherol, Sodium Chloride, Chlorhexidine Digluconate, Glycosaminoglycans, Sorbic Acid, Trisodium EDTA, Sodium Benzoate, Dipeptide-2, Silica, Disodium Phosphate, Citric Acid, Helianthus Annuus Seed Oil, Palmitoyl Tetrapeptide-7, Rosmarinus Officinalis Leaf Extract, Palmitoyl Pentapeptide-4, Sh-polypeptide-17, Ceramide EOP.

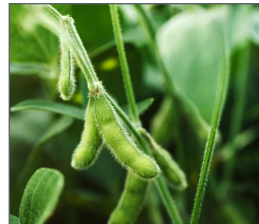

KEY INGREDIENTS

Deratopoietin® Peptide Complex
Deratopoietin® is our trade name for interleukin-1 alpha (IL1a). IL1a has been shown to stimulate dermal fibroblasts to produce a.o. collagen and elastin, two major building blocks of the skin's connective tissue, and to release several growth and differentiation factors, which act on the epidermis promoting its regeneration. Dermatopoietin® is always used in combination with Hexadeltine®. These two compounds are referred to as Dermatopoietin® Peptide Complex.

Argania Spinosa Oil (Argan Oil)
One of the main reasons that argan oil is so healing, is that it is rich with vitamin A and vitamin E. However, argan oil is also packed with anti-oxidants, Omega-6 fatty acids, and linoleic acid. As mentioned, Argan oil contains a high level of fatty acids, in fact, it is comprised of roughly 80% fatty acids which work wonders to erase signs of premature aging. Being a natural oil, it hydrates, softens and protects the skin. Argan oil works for skin types.

Soy Isoflavones
Soybeans are one of nature's best-kept secrets to maintaining healthy, youthful skin. It has just the right kind of properties to keep your skin full of moisture, but not looking greasy. Products that contain soybeans can be applied to both dry and oily skin a few times per week to help your skin look and feel healthier. If you have puffy or tired looking skin, soybeans can help it appear firmer and younger. This is because it helps promote collagen production, an important part of skin's elasticity.

Hippophae Rhamnoides (Sea buckthorn)
Sea Buckthorn (Hippophae Rhamnoides) is a super fruit full of all the omegas - 3, 6, 9 and the rare 7, as well as a host of antioxidants and other healing nutrients. Sea buckthorn is a super source of vitamin C, which means it can help reduce the appearance of wrinkles and even skin tone.

Zea Mays (Corn Starch)
Corn starch is used as an ingredient in many cosmetic products and can even be applied topically to soothe skin rashes and irritation. It is a great source of vitamin B1, vitamin B5, vitamin C and folate.

ACTIVE INGREDIENTS

Deratopoietin® Peptide Complex	●	Activates the self-regenerative capacity of skin, activates the dermal synthesis of collagen and elastin, increases elasticity and tightness of skin, reduces fine lines and wrinkles.
Dipeptide-2	●	Improve lymphatic circulation.
Palmitoyl Tetrapeptide-3	●	Prevents and fights under-eye bags.
Ceramides AP, NP, EOP/ Phytosphingosine/Cholesterol	●	Improve skin lipid barrier, repairs minor skin defects.
Glycosaminoglycans	●	Reduces dark circles, improves collagen synthesis, reduces wrinkles.

RICH REGENERATING CREAM

KEY BENEFITS

- Targeted to calm sensitive and irritated skin
- Increases skin thickness, smoothness, hydration and firmness
- Reduces visibly redness and inflammation

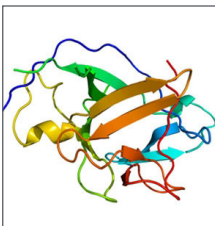

PROVEN BEAUTY
e 50ml 1.7 fl.oz.

INGREDIENTS

Aqua (Water), Pentylene Glycol, Glycerin, Ethylhexyl Isononanoate, Isopropyl Isostearate, Sorbitan Stearate, Glyceryl Stearate, PEG-100 Stearate, Cetearyl Alcohol, Butyl Methoxydibenzoylmethane, Squalane, Caprylic/Capric Triglyceride, Jojoba Esters, Alcohol, Butylene Glycol, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Helianthus Annuus Seed Cera, Argania Spinosa Kernel Oil, Camellia Oleifera Seed Oil, Cetearyl Ethylhexanoate, Carbomer, Cetearth-20, Polysorbate 80, Sodium Ascorbyl Phosphate, Imidazolidinyl Urea, Isomalt, Tocopheryl Acetate, Lecithin, Sodium Hydroxide, Crithmum Maritimum Extract, Parfum, Disodium EDTA, Disodium Adenosine Triphosphate, Propanediol, PEG-8, Sodium Lauroyl Lactylate, Acacia Decurrens Flower Cera, Polyglycerin-3, Polysorbate 60, Sorbitan Isostearate, Phenoxyethanol, Hordeum Vulgare Seed Extract, Ectoin, Tocopherol, Glycine Soja Oil, Kigelia Africana Fruit Extract, Algin, Carica Papaya Fruit Extract, Sodium Lactate, Soy Isoflavones, Polysorbate 20, Hexapeptide-18, Ascorbyl Palmitate, Ceramide NP, Ceramide AP, Phytosphingosine, Cholesterol, Xanthan Gum, Argania Spinosa Culture Sprout Cell Extract, Ethylhexylglycerin, Mannitol, Ascorbic Acid, Citric Acid, Sodium Chloride, Sodium Benzoate, Disodium Phosphate, Palmitoyl Pentapeptide-4, Cyclotetrapeptide-24 Aminocyclohexane Carboxylate, Sodium Hyaluronate, Ceramide EOP, Sh-polypeptide-17.

KEY INGREDIENTS

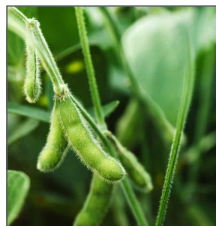

Dermatopoietin® Peptide Complex

Dermatopoietin® is our trade name for interleukin-1 alpha (IL1a). IL1a has been shown to stimulate dermal fibroblasts to produce a.o. collagen and elastin, two major building blocks of the skin's connective tissue, and to release several growth and differentiation factors, which act on the epidermis promoting its regeneration. Dermatopoietin® is always used in combination with Hexadeltine®. These two compounds are referred to as Dermatopoietin® Peptide Complex.

Argania Spinosa Oil (Argan Oil)

One of the main reasons that argan oil is so healing, is that it is rich with vitamin A and vitamin E. However, argan oil is also packed with anti-oxidants, Omega-6 fatty acids, and linoleic acid. As mentioned, Argan oil contains a high level of fatty acids, in fact, it is comprised of roughly 80% fatty acids which work wonders to erase signs of premature aging. Being a natural oil, it hydrates, softens and protects the skin. Argan oil works for skin types.

Soy Isoflavones

Soybeans are one of nature's best-kept secrets to maintaining healthy, youthful skin. It has just the right kind of properties to keep your skin full of moisture, but not looking greasy. Products that contain soybeans can be applied to both dry and oily skin a few times per week to help your skin look and feel healthier. If you have puffy or tired looking skin, soybeans can help it appear firmer and younger. This is because it helps promote collagen production, an important part of skin's elasticity.

Hordeum Vulgare (Barley plant)

Barley extract, derived from the barley plant (Hordeum vulgare), contains significant concentrations of phenols, which are known to provide antioxidant activity. Antioxidant protection helps to defend the skin against harmful free-radicals that are present in the environment. When topically applied; barley extract can be used to support beautiful, healthy-looking skin.

Vitamin E (Tocopherol)

Vitamin E is thick oil and it works wonders as an effective moisturizer. Vitamin E is both a nutrient and antioxidant for the skin. It protects the skin from environmental stressors like pollution and UV. Topical application of vitamin E may reduce the length and depth of facial lines and wrinkles.

Kigelia Africana Fruit

Kigelia's active ingredients include steroidal saponins and the flavonoids luteolin and quercetin. These phytochemicals help strengthen and stabilize the collagen fibers that support the skin, thus having a firming effect.

ACTIVE INGREDIENTS

Dermatopoietin® Peptide Complex

Activates the self-regenerative capacity of skin, activates the dermal synthesis of collagen and elastin, increases elasticity and tightness of skin, reduces fine lines and wrinkles.

Sodium Ascorbyl Phosphate

Reduces the formation of free radicals, provides radiance, stimulates collagen production.

Palmitoyl Pentapeptide-4

Stimulates collagen synthesis, smoothens the skin surface.

Cyclotetrapeptide-24
Aminocyclohexane Carboxylate

Improves wrinkle reduction and the skin's smoothness, firmness and elasticity.

REJUVENATING DÉCOLLETÉ CREAM

KEY BENEFITS

- Provides an tightening and Sorghum lifting effect
- Reduces the formation of free radicals
- Smoothens the micro texture of skin
- Reinforces the hydrolipidic barrier

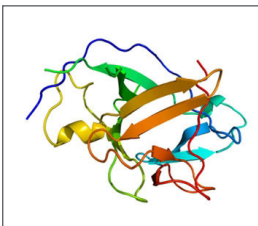

PROVEN BEAUTY

e 50ml 1.7 fl.oz.

INGREDIENTS

Aqua (Water), C12-20 Acid PEG-8 Ester, Cetearyl Isononanoate, Ethylhexyl Isononanoate, Pentylene Glycol, Glycerin, Squalane, Caprylic/Capric Triglyceride, Cyclopentasiloxane, Plukenetia Volubilis Seed Oil, Palmitoyl Isoleucine, Argania Spinosa Kernel Oil, Isomalt, Carbomer, Dimethiconol, Jojoba Esters, Sodium Ascorbyl Phosphate, Imidazolidinyl Urea, Sodium Hydroxide, Oenothera Biennis Seed Extract, Helianthus Annuus Seed Cera, Alcohol, Disodium Adenosine Triphosphate, Tocopheryl Acetate, PEG-8, Sodium Polystyrene Sulfonate, Retinyl Palmitate, Niacinamide, Sorghum Bicolor Stalk Juice, Lecithin, Macrocyctis Pyrifera (Kelp) Extract, Parfum, Sodium Starch Octenylsuccinate, Maltodextrin, Calcium Pantothenate, Tocopherol, Hydrolyzed Wheat Protein, Phenoxyethanol, Algin, Carica Papaya Fruit Extract, Carnosine, Palmitic Acid, PVP, Ammonium Acryloyldimethyltaurate/Beheneth-25 Methacrylate Crosspolymer, Acacia Decurrens Flower Cera, Polyglycerin-3, Salicornia Herbacea Extract, Hexapeptide-18, Ascorbyl Palmitate, Pyridoxine HCl, Potassium Sorbate, Sodium Benzoate, Argania Spinosa Culture Extract, Mannitol, Ascorbic Acid, Citric Acid, Sodium Chloride, T-Butyl Alcohol, Silica, Disodium Phosphate, Rosmarinus Officinalis Leaf Extract, Silybum Marianum Fruit Extract, Trisodium EDTA, Biotin, Sh-polypeptide-17.

KEY INGREDIENTS

Dermatopoietin® Peptide Complex

Dermatopoietin® is our trade name for interleukin-1 alpha (IL1a). IL1a has been shown to stimulate dermal fibroblasts to produce a.o. collagen and elastin, two major building blocks of the skin's connective tissue, and to release several growth and differentiation factors, which act on the epidermis promoting its regeneration. Dermatopoietin® is always used in combination with Hexadeltime®. These two compounds are referred to as Dermatopoietin® Peptide Complex.

Argania Spinosa Oil (Argan Oil)

One of the main reasons that argan oil is so healing, is that it is rich with vitamin A and vitamin E. However, argan oil is also packed with anti-oxidants, Omega-6 fatty acids, and linoleic acid. As mentioned, Argan oil contains a high level of fatty acids, in fact, it is comprised of roughly 80% fatty acids which work wonders to erase signs of premature aging. Being a natural oil, it hydrates, softens and protects the skin. Argan oil works for skin types.

Vitamin A

Regenerates the epidermis. Unlike many other nutrients, vitamin A is a group of compounds that includes its active forms (retinal, retinol and retinoic acid) and other provitamin A carotenoids, like beta-carotene. Retinal, retinol and retinoic acid are important to cell production and growth. Vitamin A also stimulates fibroblasts-the cells responsible for developing tissue that keeps skin firm and healthy-in the deep layers of your skin.

Vitamin E (Tocopherol)

Vitamin E is thick oil and it works wonders as an effective moisturizer. Vitamin E is both a nutrient and antioxidant for the skin. It protects the skin from environmental stressors like pollution and UV. Topical application of vitamin E may reduce the length and depth of facial lines and wrinkles.

Plukenetia Volubilis Seed Oil

Plukenetia Volubilis Seed Oil contains high doses of vitamins A and E and skin soothing amino acids which make it a powerful all natural antioxidant boosting ingredient.

Pullulan Algae Extract

A combo of algae and something called pullulan is a cosmetic ingredient that forms a film over the skin to give it an instant tight feel. Pullulan comes from fungi and is a film former and binder popular in the production of breath strips. While pullulan is making your skin feel tighter in a superficial way, the algae extract should be providing collagen building and antioxidant benefits over the longer term.

Salicornia Herbacea

Salicornia herbacea (SH) is a halophyte that grows in the salt marshes along the coastline of South Korea, and is known to have antioxidative activity. It contains good-for-the-skin things like betaine, amino acids and minerals and the extract can strengthen the skin barrier, increase skin recovery and provide deep moisturization effect.

Silybum Marianum (Milk Thistle)

It is believed that the herb has anti-inflammatory, detoxifying, demulcent and antioxidant properties that help in improving your skin's condition. Its ability to promote healthy cell growth also means that it will help delay aging to a certain extent.

ACTIVE INGREDIENTS

Dermatopoietin® Peptide Complex	—————●	Activates the self-regenerative capacity of skin, activates the dermal synthesis of collagen and elastin, increases elasticity and tightness of skin, reduces fine lines and wrinkles.
Squalane	—————●	Emollient to the skin, improves the skin's lipid barrier.
Palmitoyl Isoleucine	—————●	Improves skin firmness and elasticity.
Sodium Ascorbyl Phosphate	—————●	Reduces the formation of free radicals, provides radiance, stimulates collagen production.

SUBLIME REVEALING MASK

KEY BENEFITS

- Rejuvenates and smoothens the skin
- Refines pore appearance
- Improves skin firmness and elasticity and improves skin texture
- Increase the hydration and improves the skin texture
- Applied before stress, protects the skin from aggression by preserving its barrier function and hydration level

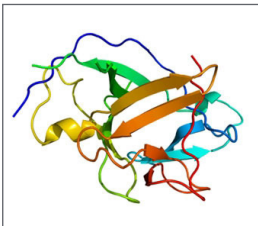

PROVEN BEAUTY
e 50ml 1.7 fl.oz.

INGREDIENTS

Aqua (Water), Helianthus Annuus Seed Oil, Olus Oil, Propanediol, Glycerin, VP/VA Copolymer, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, 1,2-Hexanediol, Caprylyl Glycol, C12-20 Acid PEG-8 Ester, Carbomer, CI 77891, Potassium Cetyl Phosphate, Disodium EDTA, Parfum, Sodium Hyaluronate, Sodium Hydroxide, PEG-8, Polysorbate 60, Sorbitan Isostearate, Tocopherol, Sodium Carboxymethyl Betaglucon, Palmitoyl Tripeptide-5, Sodium DNA, Ascorbyl Palmitate, Hexapeptide-18, Ascorbic Acid, Citric Acid, Mannitol, Sodium Chloride, Disodium Phosphate, Sh-polypeptide-17.

KEY INGREDIENTS

Dermatopoietin® Peptide Complex

Dermatopoietin® is our trade name for interleukin-1 alpha (IL1a). IL1a has been shown to stimulate dermal fibroblasts to produce a.o. collagen and elastin, two major building blocks of the skin's connective tissue, and to release several growth and differentiation factors, which act on the epidermis promoting its regeneration. Dermatopoietin® is always used in combination with Hexadeltine®. These two compounds are referred to as Dermatopoietin® Peptide Complex.

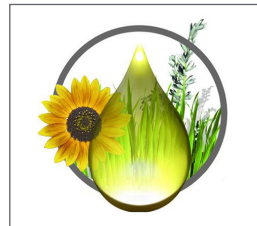

Yeast

Yeast β -glucan can stimulate our immune system by enhancing the activity of macrophages and other immunocompetent cells. Besides, it is able to accelerate tissue repair. Numerous clinical studies have shown the benefits of The repair and defense β -glucan on skin exposed to intense stresses comparable to that experienced during non-invasive cosmetic procedures: - Applied before stress, The repair and defense β -glucan substantially protects the skin from aggression by preserving its barrier function and hydration level. - Applied after stress, The repair and defense β -glucan accelerates skin recovery and reduces irritation.

Helianthus Annuus (Sunflower)

Sunflower Oil is high in essential fatty acids. It helps to moisturize, regenerate and condition the skin. Sunflower Oil can be used especially useful in formulations intended for mature, sensitive, dry or damaged skin.

Olus Oil

Olus Oil is an expressed oil of vegetable origin consisting primarily of triglycerides of fatty acids. Acts as a natural emollient and provides fabulous shine and long wear.

ACTIVE INGREDIENTS

Dermatopoietin® Peptide Complex

Activates the self-regenerative capacity of skin, activates the dermal synthesis of collagen and elastin, increases elasticity and tightness of skin, reduces fine lines and wrinkles.

Sodium DNA

Promotes and increases skin hydration. Strong cell regenerating activity. Increases skin hydration by carrying 10,000 times its own weight in water.

Palmitoyl Tripeptide-5

Anti-aging tripeptide visibly reduce appearance of wrinkles in age-prone zone, rejuvenates and smoothens the skin, refines pore appearance, improves skin firmness and elasticity and improves skin texture.

Sodium Carboxymethyl Betaglucon

Is derivative of a natural polysaccharide having immune-enhancing properties. It accelerates skin recovery and reduces irritation.

REGENERATING PLASMA

KEY BENEFITS

- Complex with revitalizing and regenerative properties for the epidermis
- Activates the self-regenerative capacity of skin
- Regenerates the epidermis

PROVEN BEAUTY

€ 50ml 1.7 fl.oz.

Aqua (Water), Glycerin, Pentylene Glycol, Hydrogenated Polyisobutene, Dicaprylyl Carbonate, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Cyclopentasiloxane, Panthenol, Sodium PCA, Dimethicone Crosspolymer, PTFE, Pullulan, Linoleic Acid, Carrageenan, Tocopheryl Acetate, Retinyl Palmitate, Imidazolidinyl Urea, Allantoin, Polysorbate 60, Sorbitan Isostearate, Menthoxypropanediol, Algae Extract, Disodium EDTA, Glycine Soja (Soybean) Protein, Sodium Lauroyl Lactylate, Parfum, Coffea Robusta Seed Extract, Sodium Benzoate, Phenoxyethanol, Potassium Sorbate, Citric Acid, Caprylyl Glycol, Acanthopanax Senticosus Root Extract, Aloe Barbadensis Leaf Extract, Dioscorea Villosa Root Extract, Uncaria Tomentosa Extract, Sodium Cocoyl Glutamate, Hexapeptide-18, Ethylhexylglycerin, Tocopherol, Ceramide NP, Ceramide AP, Phytosphingosine, Linolenic Acid, Cholesterol, Xanthan Gum, Carbomer, Mannitol, Propolis Extract, Sodium Chloride, Disodium Phosphate, Trisodium EDTA, Sh-polypeptide-17, Ceramide EOP.

KEY INGREDIENTS

Dermatopoietin® Peptide Complex

Dermatopoietin® is our trade name for interleukin-1 alpha (IL1a). IL1a has been shown to stimulate dermal fibroblasts to produce a.o. collagen and elastin, two major building blocks of the skin's connective tissue, and to release several growth and differentiation factors, which act on the epidermis promoting its regeneration. Dermatopoietin® is always used in combination with Hexadeltine®. These two compounds are referred to as Dermatopoietin® Peptide Complex.

Arctostaphylos Uva Ursi (Bearberry)

You can make your skin flawless and blemish-free with Uva Ursi. A topical application can help get rid of dark spots, age spots and acne scars. Infact, if you are worried about those fine lines and wrinkles, use an extract from this shrub to help reduce their visibility.

Uncaria Tomentosa (Cat's claw)

Cat's Claw contains high amounts of phytochemicals, alkaloids, tannins, sterols, flavonoids and glycosides. Cat's claw extracts demonstrate powerful antioxidant effects in quenching the dangerous peroxy and superoxide radicals.

Dioscorea Composita (Wild Yam)

Wild Yam is used to enhance the appearance of dry or damaged skin by reducing flaking and restoring suppleness. Increased bromodeoxyuridine uptake and intracellular camp level in keratinocytes.

Aloe Barbadensis (Aloe vera)

Aloe Vera is considered by many to be a miracle plant, it has a huge range of skin benefits. Aloe Vera gel makes a great skin moisturizer and doesn't leave the skin feeling greasy, so it's good for all skin types. Aloe vera gel is also good for using after shaving and its healing properties will help with any small nicks or cuts.

Propolis

Propolis is another nutritious substance for which we should all be grateful to bees! Essentially, it's a resin-like substance that bees obtain from tree buds, sap flows, and other botanical sources. Propolis is used to seal the chambers where the bee larvae live and also acts as a natural disinfectant. Right now, research is still being done on ways to use propolis. Some preliminary studies show that some types of propolis have in vitro antibacterial and antifungal benefits and may be effective in combating acne. Propolis is also said to be an antioxidant.

Soy isoflavones

Soybeans are one of nature's best-kept secrets to maintaining healthy, youthful skin. It has just the right kind of properties to keep your skin full of moisture, but not looking greasy. Products that contain soybeans can be applied to both dry and oily skin a few times per week to help your skin look and feel healthier. If you have puffy or tired looking skin, soybeans can help it appear firmer and younger. This is because it helps promote collagen production, an important part of skin's elasticity.

Vitamin A

Regenerates the epidermis. Unlike many other nutrients, vitamin A is a group of compounds that includes its active forms (retinal, retinol and retinoic acid) and other provitamin A carotenoids, like beta-carotene. Retinal, retinol and retinoic acid are important to cell production and growth. Vitamin A also stimulates fibroblasts-the cells responsible for developing tissue that keeps skin firm and healthy-in the deep layers of your skin.

Pullulan Algae Extract

A combo of algae and something called pullulan is a cosmetic ingredient that forms a film over the skin to give it an instant tight feel. Pullulan comes from fungi and is a film former and binder popular in the production of breath strips. While pullulan is making your skin feel tighter in a superficial way, the algae extract should be providing collagen building and antioxidant benefits over the longer term.

Vitamin E (Tocopherol)

Vitamin E is thick oil and it works wonders as an effective moisturizer. Vitamin E is both a nutrient and antioxidant for the skin. It protects the skin from environmental stressors like pollution and UV. Topical application of vitamin E may reduce the length and depth of facial lines and wrinkles.

ACTIVE INGREDIENTS

Ceramides AP, NP, EOP/
Phytosphingosine/Cholesterol

Improve skin lipid barrier, repairs minor skin defects.

Linoleic Acid/Linolenic acid

Restores the lipid barrier of the stratum corneum, prevents dryness and scaliness.

Menthoxypropanediol

Cooling agent.

SKIN DEFENCE SERUM

BALANCING COMPLEX

KEY BENEFITS

- Protects against blue light-induced hyperpigmentation
- Provides a normalization of oily skin and improves the appearance of enlarged pores, caused by the pollution
- Antimicrobial activity active on bacteria and yeasts partly responsible for sebaceous hypersecretion
- Reinforces the skin's natural protective barrier and improves its moisture retention

€ 50ml 1.7 fl.oz.

INGREDIENTS

Aqua (Water), Propanediol, Glycerin, Niacinamide, Caprylic/Capric Triglyceride, Dicaprylyl Carbonate, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Polysorbate 60, Squalane, 1,2-Hexanediol, Caprylyl Glycol, Saccharide Isomerate, Hydroxypropyl Methylcellulose, Pullulan, Carrageenan, Vaccinium Myrtillus Fruit Extract, Allantoin, Butyrospermum Parkii Butter, Tocopheryl Acetate, Saccharum Officinarum Extract, Sodium Hydroxide, Sodium Hyaluronate, Sorbitan Isostearate, Disodium EDTA, Pentylene Glycol, Citrus Aurantium Dulcis Fruit Extract, Citrus Limon Fruit Extract, Parfum, Porphyridium Cruentum Extract, Acer Saccharum Extract, Potassium Thiocyanate, Citric Acid, Sodium Citrate, Hexapeptide-18, Lactoferrin, Trisodium Ascorbyl Palmitate Phosphate, Lactoperoxidase, Tocopherol, Glucose Pentaacetate, Glucose Oxidase, Mannitol, Sodium Chloride, Disodium Phosphate, Sh-polypeptide-17.

KEY INGREDIENTS

Extracts from Saccharum Officinarum

Extracts from Saccharum Officinarum, also known as Sugar Cane are considered to be a major source of lactic acid that have the capacity to leave your skin feeling silky smooth because of their exfoliation and moisturization properties. They help you to achieve the dual function of exfoliation and moisturization by removing your damaged, dry and dead skin cells and promoting the growth of new ones. These sugar cane extracts also contain glycolic acids that have the smallest molecular structures. This makes it easy for deeper skin penetration, thereby allowing for cellular renewals as well.

Vitamin B3

Vitamin B3

The energizer. Vitamin B3, also known as niacinamide, offers a host of benefits that all ages and skin types can benefit from. Niacinamide can help with hyperpigmentation by reducing pigment production and the subsequent transfer of pigment into your skin, leaving you with a more even complexion. Niacinamide increases the production of one of the most important lipids-ceramide-which strengthens your skin and prevents water loss. Your skin will be stronger, better hydrated and healthier, as well as less sensitive through B3 usage. It's also especially good for rosacea sufferers..

Vaccinium Myrtillus Fruit Extract (Bilberry)

Bilberry happens to be a natural anti-inflammatory, as was just stated above. This make is great for people with sensitive skin, and products with bilberry extract in them would be able to simultaneously deliver nourishing antioxidants while also keeping irritations in check, a constant worry if you have sensitive skin or are allergic to anything that might get on your skin. Owing to its high vitamin C content, bilberry is also an effective additive for helping to improve the appearance of sun damage.

Vitellaria paradoxa (Shea tree)

The main components of shea butter include oleic acid, stearic acid, linoleic acid, etc. It gets absorbed quickly into the skin as it melts at body temperature. Its moisturizing and healing properties prove beneficial for many skin issues. It also has anti-inflammatory and antimicrobial properties (to a certain extent) that can be utilized to treat many ailments an oil rich in fats that is derived from the karite tree (also known as the shea tree) is your solution for many skin, health, and hair health issues.

Allantoin

Extracted from the root of the comfrey plant, Allantoin is a non-irritating ingredient that soothes and protects the skin. With the ability to help soothe the skin, it's a great all-rounder for keeping skin at the top of its game. It effectively softens the skin and helps to protect it, making it suitable for sensitive skin in need of a little extra TLC.

Citrus Aurantium

Because of its ability to regulate carbohydrate and fat metabolism, orange oil has a powerful effect to fight with cellulite. The same orange oil stimulates the regeneration of tissues and improves the skin complexion enhancing skin elasticity. Recommended for dry, aging skin and tired skin.

ACTIVE INGREDIENTS

Dermatopoietin® Peptide Complex

Activates the self-regenerative capacity of skin, activates the dermal synthesis of collagen and elastin, increases elasticity and tightness of skin, reduces fine lines and wrinkles.

Sodium Hyaluronate

Superior moisturizing agent which stores and absorbs moisture in enormous quantities.

Squalane

A natural component of human skin sebum, improves the skin lipid barrier.

MOISTURIZING CLEANSING FOAM

KEY BENEFITS

- High level fatty acids give moisturizing, regenerating and restructuring properties
- Nourishes the skin deeply
- Tightens the skin and increases its elasticity
- Strengthens the skin barrier function of the skin

PROVEN BEAUTY
e 100ml 3.4 fl.oz.

INGREDIENTS

Aqua (Water), Glycerin, PEG-7 Glyceryl Cocoate, Cocamidopropyl Betaine, Decyl Glucoside, Sodium Cocoamphoacetate, Disodium Cocoyl Glutamate, Polysorbate 20, Sodium Lauryl Glucose Carboxylate, Sweet Almond Oil Polyglyceryl-6 Esters, Coco-Glucoside, Glyceryl Oleate, Lauryl Glucoside, Citric Acid, Sodium Benzoate, Sodium Cocoyl Glutamate, Potassium Sorbate, Parfum, Sorbic Acid, Sodium Citrate, Hydrolyzed Sodium Hyaluronate, Tocopherol, Hydrogenated Palm Glycerides Citrate.

KEY INGREDIENTS

Vitamin E (Tocopherol)

Vitamin E is thick oil and it works wonders as an effective moisturizer. Vitamin E is both a nutrient and antioxidant for the skin. It protects the skin from environmental stressors like pollution and UV. Topical application of vitamin E may reduce the length and depth of facial lines and wrinkles.

Sweet almond oil

Sweet almond oil is a potent essential oil used for treating dry and sun-damaged skin and hair, lightening the skin, acting as a gentle cleanser, preventing acne, strengthening the nails, and helping with hair loss.

ACTIVE INGREDIENTS

Hydrolyzed Sodium Hyaluronate

Nourishes the skin deeply, tightens the skin and increases its elasticity. It also strengthens the skin barrier function of the skin and decreases significantly the wrinkles depth.

Sodium Lauryl Glucose Carboxylate

Sugar-based surfactant used as emulsifier and stabilizer.

Sodium Cocoamphoacetate

Coconut oil-derived surfactant, foam booster and conditioning agent.

Tocopherol

Anti-oxidant, protects the skin from photo-aging.

PURIFYING CLEANSING FOAM

KEY BENEFITS

- Normalizes the sebum production
- Refines pore appearance
- Non-irritant, antimicrobial activity
- Improves the moisturization and production of collagen

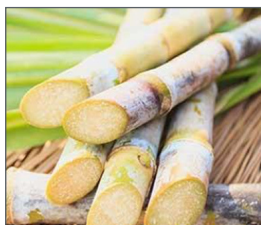

PROVEN BEAUTY
e 100ml 3.4 fl.oz.

INGREDIENTS

Aqua (Water), Glycerin, Decyl Glucoside, PEG-7 Glyceryl Cocoate, Cocamidopropyl Betaine, Sodium Cocoamphoacetate, Disodium Cocoyl Glutamate, Sodium Lauryl Glucose Carboxylate, Lauryl Glucoside, Citric Acid, Coco-Glucoside, Glyceryl Oleate, Sodium Benzoate, Vaccinium Myrtillus Fruit Extract, Sodium Cocoyl Glutamate, Potassium Sorbate, Saccharum Officinarum Extract, Parfum, Citrus Aurantium Dulcis Fruit Extract, Citrus Limon Fruit Extract, Sorbic Acid, Acer Saccharum Extract, Sodium Citrate, Pentylene Glycol, Potassium Thiocyanate, Lactoferrin, Lactoperoxidase, Tocopherol, Hydrogenated Palm Glycerides Citrate, Glucose Pentaacetate, Glucose Oxidase.

KEY INGREDIENTS

Extracts from Saccharum Officinarum

Extracts from Saccharum Officinarum, also known as Sugar Cane are considered to be a major source of lactic acid that have the capacity to leave your skin feeling silky smooth because of their exfoliation and moisturization properties. They help you to achieve the dual function of exfoliation and moisturization by removing your damaged, dry and dead skin cells and promoting the growth of new ones. These sugar cane extracts also contain glycolic acids that have the smallest molecular structures. This makes it easy for deeper skin penetration, thereby allowing for cellular renewals as well..

Citrus Aurantium

Because of its ability to regulate carbohydrate and fat metabolism, orange oil has a powerful effect to fight with cellulite. The same orange oil stimulates the regeneration of tissues and improves the skin complexion enhancing skin elasticity. Recommended for dry, aging skin and tired skin.

Citrus Lemon Peel

Lemon peel contains the important essential oil limonene along with citral, flavonoids, more than 44 different flavone glycosides, citric and other plant acids. It's a rich source of pectins, phenols and hydroxycinnamates. Lemon peel may help to enhance the clarity, glow and softness of the skin.

Acer Saccharum Extract

Acer Saccharum Extract derived from the sugar maple tree, this extract is a source of natural alpha hydroxy acid which slough off dead skin cells to improve skin's appearance.

ACTIVE INGREDIENTS

Lactoferrin

Is a natural iron-binding glycoprotein active o bacteria, yeasts and moulds.

Lactoperoxidase

Used to prevent yeasts, fungi and bacteria.

FACIAL TONIC

KEY BENEFITS

- Vitamin E improves hydration
- Removes environmental toxins and chemical residues from the skin
- Provides an anti-aging effect and helps tighten and firm the look of skin
- Fights acne and breakouts

PROVEN BEAUTY
e 200ml 6.8 fl.oz.

INGREDIENTS

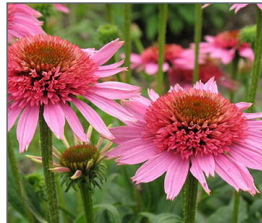

Aqua (Water), Glycerin, Butylene Glycol, Hamamelis Virginiana Water, Phenoxyethanol, PEG-40 Hydrogenated Castor Oil, Alcohol, Ethylhexylglycerin, Parfum, Rosa Centifolia Flower Water, Echinacea Purpurea Extract, Tocopherol, Pentylene Glycol, CI 16035.

KEY INGREDIENTS

Rosa Centifolia

Containing a complex of vitamins, minerals, and antioxidants, rose essential oil has excellent emollient properties for moisturizing dry skin; it also offers antiseptic and astringent properties to treat acneic skin, as well as anti-inflammatory properties that help treat redness and inflammation. Rose oil can also help refine skin texture, controlling skin diseases such as psoriasis and atopic dermatitis. Extracts of this delicate flower may be used on all skin types but are often included in products for dry, sensitive, and mature skin.

Echinacea Purpurea

The Echinacea is known for its herbal, antibiotic, anti-bacterial and healing properties. Echinacea extracts work like a magic on your face. It soothes the skin by bringing down the swelling of the skin tissues. It helps fight the acne-causing bacteria and provides freedom from acne in the long run. Echinacea extracts have an amazing effect on fine lines and wrinkles. Echinacea works great for people with psoriasis and eczema as well. It reduces the inflammation and redness of the skin, thereby alleviating the discomfort.

Witch hazel

Witch hazel is a plant native to North America and parts of Asia that has been used for centuries for its skin soothing properties. Its powerful antioxidant and astringent benefits are known to help speed healing, prevent signs of aging, and stop cellular damage that can lead to skin cancer and eradicate bacteria that lives within the pores of the skin.

Vitamin E (Tocopherol)

Vitamin E is thick oil and it works wonders as an effective moisturizer. Vitamin E is both a nutrient and antioxidant for the skin. It protects the skin from environmental stressors like pollution and UV. Topical application of vitamin E may reduce the length and depth of facial lines and wrinkles.

ACTIVE INGREDIENTS

Peg-40 Hydrogenated Castor Oil

Helps to reduce Acnes bacteria in the skin and retards the growth of harmful microbes.

Pentylene Glycol

Humectant and solvent.

SKIN REGENERATE SERUM

MASTER BOOSTER

KEY BENEFITS

- Activates the self-regenerative capacity of skin
- Activates the dermal synthesis of endogenous collagen, elastin and hyaluronic acid
- Increases elasticity and tightness of skin

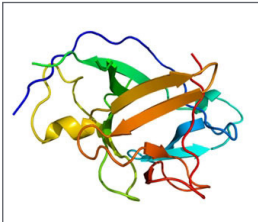

PROVEN BEAUTY

e 20ml 0.68 fl.oz.

INGREDIENTS

Aqua (Water), Pentylene Glycol, Propanediol, Sodium Hyaluronate, Hexapeptide-18, Sodium Hydroxide, Mannitol, Sodium Chloride, Disodium Phosphate, Sh-Polypeptide-17.

KEY INGREDIENTS

Dermatopoietin® Peptide Complex

Dermatopoietin® is our trade name for interleukin-1 alpha (IL1a). IL1a has been shown to stimulate dermal fibroblasts to produce a.o. collagen and elastin, two major building blocks of the skin's connective tissue, and to release several growth and differentiation factors, which act on the epidermis promoting its regeneration. Dermatopoietin® is always used in combination with Hexadeltine®. These two compounds are referred to as Dermatopoietin® Peptide Complex.

WRINKLE NATURAL BOTOX SERUM

BOOSTER No1

KEY BENEFITS

- Boosts skin immunity
- Stimulates collagen production
- Reduces muscle tension, reducing facial wrinkles caused by tense or contracted facial muscles
- Provide anti-aging effects
- Helps tighten and firm the look of skin

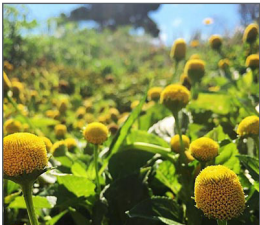

PROVEN BEAUTY
e 20ml 0.68 fl.oz.

INGREDIENTS

Aqua (Water), Caprylic/Capric Triglyceride, Pentylene Glycol, C14-22 Alcohols, Glycerin, Microcrystalline Cellulose, Pullulan, Xanthan Gum, Phenoxyethanol, C12-20 Alkyl Glucoside, Cellulose, Cetyl Alcohol, Hydrolyzed Sodium Hyaluronate, Prunus Amygdalus Dulcis Seed Extract, Acacia Senegal Gum, Polyglyceryl-10 Laurate, Sodium Hyaluronate, Spilanthes Acmella Flower Extract, Cellulose Gum, Algae Extract, Disodium EDTA, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Squalane, PEG-8, Potassium Sorbate, Sodium Benzoate, 1,2-Hexanediol, Caprylyl Glycol, Tocopherol, Citric Acid, Sodium Hydroxide, Ascorbyl Palmitate, Ascorbic Acid.

KEY INGREDIENTS

Spilanthes Acmelia flower extract

Acmella Oleracea extract is considered a natural alternative to Botox which reorganizes the dermis structure for firming and tightening effect. It is considered a natural muscle relaxant thanks to the presence of analgesic alkylamides called spilanthal. This spilanthal is thought to have a paralyzing effect on facial muscles, reducing wrinkles by relaxing the skin.

Humulus Lupulus oil

Hops are also great if you have mature skin as it helps to balance moisture levels in the skin. Hops inhibit the elastase enzyme that is responsible for causing crosslinking in collagen. When our collagen is cross-linked, it breaks down, and the signs of aging gradually emerge. Whether you are suffering from problematic skin or just starting to see wrinkles, try adding hops in facial products today!

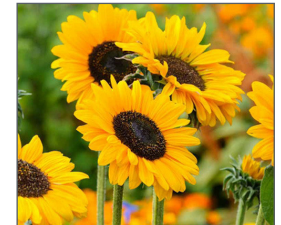

Silybum Marianum (Milk Thistle)

It is believed that the herb has anti-inflammatory, detoxifying, demulcent and antioxidant properties that help in improving your skin's condition. Its ability to promote healthy cell growth also means that it will help delay aging to a certain extent.

Sweet almond oil

Sweet almond oil is a potent essential oil used for treating dry and sun-damaged skin and hair, lightening the skin, acting as a gentle cleanser, preventing acne, strengthening the nails, and helping with hair loss.

Helianthus Annuus (Sunflower)

Sunflower Oil is high in essential fatty acids. It helps to moisturize, regenerate and condition the skin. Sunflower Oil can be used especially useful in formulations intended for mature, sensitive, dry or damaged skin.

SKIN REPAIR SERUM

BOOSTER No2

KEY BENEFITS

- Protects against dehydration
- Reduces and relieves inflamed and irritated skin
- Reinforces immunity against free-radicals
- Strengthens and restores the skin
- Boosts the skin's moisture retention ability

PROVEN BEAUTY
e 20ml 0.68 fl.oz.

INGREDIENTS

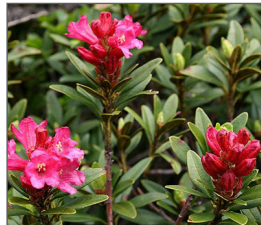

Aqua (Water), Sodium PCA, Glycerin, Pentylene Glycol, Propanediol, Lactic Acid, Sodium Hydroxide, Sodium Carboxymethyl Betaglucan, Hydrolyzed Sodium Hyaluronate, Sodium Hyaluronate, Opuntia Ficus-Indica Stem Extract, Glyceryl Acrylate/Acrylic Acid Copolymer, Phenoxyethanol, Rhododendron Ferrugineum Extract, Disodium Phosphate.

KEY INGREDIENTS

Opuntia Ficus-Indica (Prickly Pear)

Opuntia Ficus-Indica features outstanding hydrating properties thanks to its high content of waterbinding compounds. Opuntia also contains pascidic acid, an excellent iron chelator that prevents the formation of ROS in skin tissues by complexing Fe²⁺. Moreover, it contains the vitamins A, B1, B2, B3, and C, the minerals potassium, calcium and magnesium.

Rhododendron Ferrugineum (Alpine Rose)

This beautiful flower blossoms on the slopes of the Alps. Like a queen in a hostile land, it helps us fight dehydration and free radicals that cause the skin to age. Alpine rose extract fills wrinkles through its anti-aging action and also makes the skin visibly clearer, better balanced and radiant.

PIGMENTATION SERUM

BOOSTER No3

KEY BENEFITS

- A topical treatment for most forms of hyperpigmentation and sun damage
- Targeted lightening effect on age spots
- Prevents photo-ageing and dark spots
- Reduces the formation of dark spots at their source
- Age spots appear on UV-exposed areas of the body. They are characterized by an increased production of two pigments: melanin and lipofuscin. Booster No3 prevents and regulates the formation of both pigments. It also inhibits the accumulation of lipofuscin in the skin by activating the proteasome, the cell's own cleaning system which degrades oxidized proteins

PROVEN BEAUTY
e 20ml 0.68 fl.oz.

INGREDIENTS

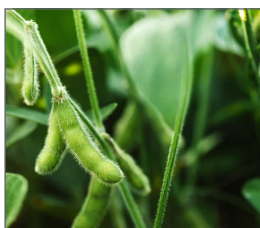

Aqua (Water), Glycerin, Alcohol, Pentylene Glycol, Propanediol, Polysorbate 80, Hexylresorcinol, Phenoxyethanol, Lecithin, Cocoyl Proline, Decyl Glucoside, Carnitine, Xanthan Gum, Sodium Hyaluronate, Spirulina Platensis Extract, Acrylates/Vinyl Isodecanoate Crosspolymer, Pinus Strobus Bark Extract, Ethylhexylglycerin, Caffeine, Lepidium Sativum Sprout Extract, Soy Isoflavones, Lactic Acid.

KEY INGREDIENTS

Garden Cress

Garden cress is rich in phytonutrients. Sulforaphane, with its capacity to neutralize reactive oxidants, is the predominant phytonutrient in garden cress. It inhibits pigmentation by targeting the neutralization of reactive oxygen species and the inhibition of α -MSH, a natural hormone. Both of these upstream reaction steps in the melanin cascade stimulate skin pigmentation. It is recommended for formulation into brightening products for the face and body, antiaging products that address age spots and protective formulations.

Soy Isoflavones

Soybeans are one of nature's best-kept secrets to maintaining healthy, youthful skin. It has just the right kind of properties to keep your skin full of moisture, but not looking greasy. Products that contain soybeans can be applied to both dry and oily skin a few times per week to help your skin look and feel healthier. If you have puffy or tired looking skin, soybeans can help it appear firmer and younger. This is because it helps promote collagen production, an important part of skin's elasticity.

Pinus Cembra

Pinus cembra, which is also known as Swiss stone pine or Arolla pine, is a species of pine tree that grows in the Alps and the Carpathian Mountains of central Europe. This long-living pine, which is called the King of the Alps, contains pinosylvin. This is known to reduce inflammation through several biological pathways and to both strongly and visibly reduce local redness and age spots on the face, which led to a noticeable increase in the overall skin tone homogeneity.

ANTI-PUFFINESS SERUM

BOOSTER No4

KEY BENEFITS

- Targeted to calm sensitive and irritated skin
- Increases skin thickness, smoothness, hydration and firmness
- Reduces visibly puffiness
- Puffiness is caused by poor blood circulation that may involve increased capillary pressure and permeability or mild irritation that can lead to the release of inflammatory mediators

PROVEN BEAUTY

This is known to reduce inflammation through several biological pathways and to both strongly and visibly reduce local redness and age spots on the face, which led to a noticeable increase in the overall skin tone homogeneity.

Spirulina Platensis extract

Spirulina has a high content of vitamin A, vitamin B-12, vitamin E, calcium, iron and phosphorus, all of which are vital for your skin's health. Free radicals make your skin look tired, limp and flabby. Spirulina treats flabby skin by eliminating the body's metabolic waste products and strengthening the body as a whole.

ANTI-DARK CIRCLES SERUM

BOOSTER No5

KEY BENEFITS

- Has anti-inflammatory qualities for the skin with toning and softening effects on the skin
- Reduces visibly redness and inflammation
- The causes of dark circles are multiple: heredity, allergies, lack of sleep leading to fluid retention as well as aging process and losing fat and collagen and the skin often thins
- Use moderately or mixed with base formula

PROVEN BEAUTY

e 20ml 0.68 fl.oz.

SPOT FIGHTING SERUM

BOOSTER No6

KEY BENEFITS

- Improves skin tonicity, firmness, and elasticity
- Helps accelerate skin renewal for healthier, smoother and younger-looking skin
- Protects against collagen degradation and increases collagen levels in the skin; improves elastin synthesis
- Increases epidermal proliferation and thickness

PROVEN BEAUTY

€ 20ml 0.68 fl.oz.

INGREDIENTS

Vitis Vinifera Seed Oil, Ricinus Communis Seed Oil, Dipropylene Glycol, Amyris Balsamifera Bark Oil, Tocopherol, Helianthus Annuus (Sunflower) Seed Oil, Coleus Forskohlii Root Extract, Commiphora Mukul Resin Extract, Polysorbate 20, Retinol, Ethyl Ferulate, BHT, BHA, Humulus Lupulus Extract.

KEY INGREDIENTS

Vitis vinifera (Grape seed)

Grape seed oil contains both omega-6 and omega-3 fatty acids. It is rich in vitamin E, C and D - all of which help reducing wrinkles and scars. Vitamins C and E and the fatty acids make the oil a wonderful emollient. It helps remove stretch marks as well. The oil's restructuring qualities help the skin retain its normal structure, consequently diminishing the appearance of stretch marks.

Ricinus Communis (Castor oil)

Castor seed oil has been known to be effective at healing inflamed skin, reducing acne, fading blemishes and stretch marks, preventing stretch marks and pigmentation, moisturizing skin fighting the different visible signs of ageing. Castor seed oil can provide relief from sunburn, prevent dry skin, reduce and cure skin inflammations, facilitate collagen production, retain elasticity of the skin and its smoothness.

Commiphora Mukul

The active constituents of Commiphora Mukul are the guggulsterones. Commiphora mukul extract contains 0.25% of guggulsterones (phytosterols). It is known as hypolipidemic (reduces fat [cholesterol and triglyceride] content). It has antiinflammatory properties: Guggulsterones will help to avoid the release of triglycerides from the blood and prevent their redepositing in the skin adipocytes.

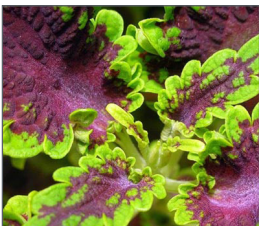

Humulus Lupulus (Hops)

Hops are also great if you have mature skin as it helps to balance moisture levels in the skin. Hops inhibit the elastase enzyme that is responsible for causing cross-linking in collagen. When our collagen is cross-linked, it breaks down, and the signs of aging gradually emerge. Whether you are suffering from problematic skin or just starting to see wrinkles, try adding hops in facial products today.

Amyris Balsamifera (Santalwood)

This powerful essential oil is derived from the amyris tree, which bears the scientific name Amyris balsamifera, and a more common name of West Indian sandalwood. Valerianol and the three types of eudesmol found in amyris essential oil Valerianol and the three types of eudesmol found in amyris essential oil are also excellent for skin health, as they can not only prevent inflammation and irritation, but also wrinkles and signs of premature aging. This can add elasticity to your skin, helping to make you look younger for longer! The various emollient properties of amyris essential oil can also smooth the skin and improve texture and glow.

Coleus Forskohlii Root

Coleus Forskohlii Root extract contains 0.1% of forskolin, one of the many diterpenes found in the coleus species (a small perennial shrub, a member of the mint family). Forskolin works by stimulating adenylate cyclase and intracellular cyclic AMP (cAMP), to elicit cAMP dependent responses in the cell.

Helianthus Annuus (Sunflower)

Sunflower Oil is high in essential fatty acids. It helps to moisturize, regenerate and condition the skin. Sunflower Oil can be used especially useful in formulations intended for mature, sensitive, dry or damaged skin.

BRIGHTENING SERUM

BOOSTER No7

KEY BENEFITS

- A potent complex of tyrosinase inhibitors, natural skin brighteners and most powerful natural antioxidants, reduce the activity of cells that produce melanin
- Protects from the effects of environmental stress
- Calms sensitive and irritated skin

PROVEN BEAUTY
e 20ml 0.68 fl.oz.

Arctostaphylos Uva Ursi (Bearberry)

You can make your skin flawless and blemish-free with Uva Ursi. A topical application can help get rid of dark spots, age spots and acne scars. In fact, if you are worried about those fine lines and wrinkles, use an extract from this shrub to help reduce their visibility.

CELLULITE BURNER

BOOSTER No8

KEY BENEFITS

- Visibly reduces the appearance of cellulite
- Effectively shapes body contours
- Reveals a slimmer silhouette
- An Iso-Slim complex for a multi-targeted anti-cellulite & slimming activity
- Boosts collagen production for a firmer look
- Use moderately or mixed with base formula

PROVEN BEAUTY

e 20ml 0.68 fl.oz.

INGREDIENTS

Aqua (Water), Caprylic/Capric Triglyceride, Pentylene Glycol, Propanediol, Polysorbate 80, Alcohol, Caffeine, Phenoxyethanol, Carnitine, Sodium Hyaluronate, Vanillyl Butyl Ether, Spirulina Platensis Extract, Acrylates/Vinyl Isodecanoate Crosspolymer, Ethylhexylglycerin, Capsaicin, Brassica Alba Sprout Extract, Soy Isoflavones, Sodium Hydroxide.

KEY INGREDIENTS

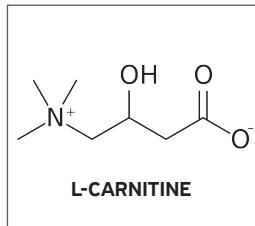

Caffeine

When caffeine is applied topically, it can actually work to reduce the fat content within a person's cells. There is a general belief among scientists that caffeine interferes with the activity of a specific enzyme within the cell known as phosphodiesterase. The human body employs phosphodiesterase to prevent the breakdown of body fat. By inhibiting phosphodiesterase, caffeine helps the body to burn off the deposits of fatty tissue that cause cellulite, and this is how Caffeine works as a cellulite fighter.

Soy Isoflavones

Soybeans are one of nature's best-kept secrets to maintaining healthy, youthful skin. It has just the right kind of properties to keep your skin full of moisture, but not looking greasy. Products that contain soybeans can be applied to both dry and oily skin a few times per week to help your skin look and feel healthier. If you have puffy or tired looking skin, soybeans can help it appear firmer and younger. This is because it helps promote collagen production, an important part of skin's elasticity.

Carnitine

Carnitine is an amino acid which occurs naturally in the human body. Its primary purpose is to help the body metabolize fat. Because of its ability to help the body to oxidize fat and more effectively convert stored fat into energy, L-Carnitine is often included in anti-cellulite creams and solutions. For this reason, L-Carnitine is believed to break up bulges of unwanted fat, such as those unsightly bulges consistent among cellulite sufferers.

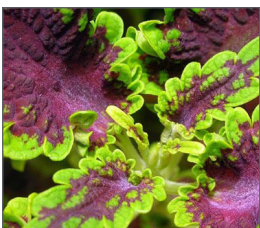

Humulus Lupulus oil

Hops are also great if you have mature skin as it helps to balance moisture levels in the skin. Hops inhibit the elastase enzyme that is responsible for causing crosslinking in collagen. When our collagen is cross-linked, it breaks down, and the signs of aging gradually emerge. Whether you are suffering from problematic skin or just starting to see wrinkles, try adding hops in facial products today!

Brassica alba (White mustard)

Brassica alba, sometimes also referred to as Sinapis alba, is a plant of the brassicaceae family like cabbage, broccoli, cauliflower, radishes and cress and is cultivated for mustard production. It's characteristic phytonutrients are responsible for the sharp taste of mustard and can increase the capillary blood flow.

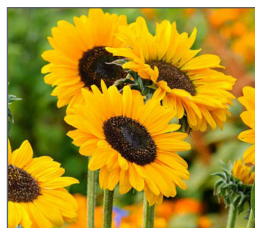

Coleus Forskohlii Root

Coleus Forskohlii Root extract contains 0.1% of forskolin, one of the many diterpenes found in the coleus species (a small perennial shrub, a member of the mint family). Forskolin works by stimulating adenylate cyclase and intracellular cyclic AMP (cAMP), to elicit cAMP dependent responses in the cell.

Spirulina Platensis extract

Spirulina has a high content of vitamin A, vitamin B-12, vitamin E, calcium, iron and phosphorus, all of which are vital for your skin's health. Free radicals make your skin look tired, limp and flabby. Spirulina treats flabby skin by eliminating the body's metabolic waste products and strengthening the body as a whole.

Helianthus Annuus (Sunflower)

Sunflower Oil is high in essential fatty acids. It helps to moisturize, regenerate and condition the skin. Sunflower Oil can be used especially useful in formulations intended for mature, sensitive, dry or damaged skin.

REVITALISING HAIR SERUM

BOOSTER No9

KEY BENEFITS

- Stimulates hair growth at the root
- Prolongs the life cycle of hair
- Fully restores the vitality of the hair
- The proportion of telogen hair is normally 10% to 15%. In case of telogen effluvium the telogen hair will increase to 20%
- Booster No9 will significantly increase the ration of anagen to telogen hair. It reactivates hair growth by stimulating the dermal papilla

PROVEN BEAUTY
e 20ml 0.68 fl.oz.

INGREDIENTS

Aqua (Water), Pentylene Glycol, Propanediol, Alcohol, Guar Hydroxypropyltrimonium Chloride, Pisum Sativum Sprout Extract, Citric Acid.

KEY INGREDIENTS

Pisum sativum (Pea extract)

Pea sprouts stimulates specific signal molecules in the dermal papilla required to reactivate hair growth. Thanks to its composition, Pisum sativum successfully offers a sustainable and novel approach to fight hair loss.

INTENSE MOISTURIZER

Aqua (Water), Simmondsia Chinensis (Jojoba) Seed Oil, Decyl Oleate, Helianthus Annuus (Sunflower) Seed Oil, Glyceryl Stearate, Cetearth-20, Phenoxyethanol, Carbomer, Glycerin, Salicylic Acid, Potassium Cetyl Phosphate, Sodium Hydroxide, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Tocopheryl Acetate, Ethylhexylglycerin, Parfum (Fragrance), Aloe Barbadensis Leaf Juice, Tocopherol, Hydrogenated Palm Glycerides Citrate.

KEY INGREDIENTS

Aloe Barbadensis Leaf Juice

Aloe Barbadensis leaf juice can soothe skin and serve as an anti-inflammatory. It can be efficiently used topically, because of its burn healing effects, scar reducing and wounds healing properties. Aloe protects the skin from UV damage. The herb contains aloin, which can block up to 30 percent of the ultraviolet rays when applied to the skin's surface.
