Tool Suggestions:

Chain Nose Pliers  
Bead Reamer A002370  
File Set A012906

Components List

- A001530 - 8mm Silver Plated 18 Gauge Round Jump Ring
- Z019260 - Handmade Woven Rattan Straw Disc Pendant/Connector
- Z003879 - 16mm Antique Silver Textured Circle Post Earrings
- Z007687 - 27x47mm Mint Flat Half Circle Fan Tassel with Silver
- TC01208 - (2) Clear Comfort Earring Back By Tierracast

Directions:

1. Using an awl, bead reamer or a solid point like your round nose, poke a hole in between the outer two rings of your straw, at one corner. This will be where you will add your jump ring.
2. Poke another hole in the opposite corner of the hole you made in Step 1.
3. Open large jump ring and slide through hole you made in Step 1 or 2 and through the loop of ear wire. Close jump ring.
4. Open another large jump ring and slide through other hole on straw component. Close jump ring.
5. Open small jump ring, slide through large jump ring from Step 4 and through loop of cone tassel. Close jump ring.
6. Repeat all steps for other earring.
