

Project Name DIY0056 Mixed Moons Leather Bracelet

Tool Suggestions:

- Scissors, Chain Nose Pliers

Components List

- Z019103 1.5mm Natural Black Round Leather Cord - 2 Meters (1)
- Z019982 9mm Antique Silver Coin Slide for 5mm Leather (2)
- Z019983 9mm Satin Gold Coin Slide for 5mm Leather (1)
- Z019986 Antique Silver Rectangle End for 5mm Leather (2)
- Z012153 Rhodium Plated Adjustable Wheat Chain Bracelet Sliding Clasp (1)
- A015821 Super New Glue (1)

Directions:

1. Cut 4 pieces of leather at 4 inches each.
2. Add a small drop of glue inside the rectangular end. Insert all four ends of leather inside the end. Let it dry for a minute before going to step 3.
3. Slide on the 3 Coin Sliders, Silver, Gold and Silver. Now, make sure other ends of the leather are straight, cut if necessary. Add a small drop of glue to the other rectangular end, insert leather ends inside the rectangular end. Let it dry for a minute before going to step 4.
4. Remove both jump rings from adjustable slider clasp. Set jump rings aside. Trim 1-2 inches off both chains, depending on your wrist size.
5. Slide jump ring back onto the slider chain end and loop of a rectangular end, close jump ring. Repeat on other side.
