

DIY0076- DIY Fall Flowers & Gems

Tool Suggestions:
- Scissors
- Super New Glue – A015281

Components List

- (1) Z001559 - 1mm Metallic Pearl Round Leather Cord - 2 Meters
- (1) TC01247 - 18mm Antique Gold Large Bali Button by TierraCast
- (6) A006784 - 9mm Antique Gold Flower Large Hole Bead
- (1) MRQ8RLLH-FDC-8 - Multi Rhutilated Quartz 8mm Diamond Cut Faceted Rondelle Large Hole (2-2.5mm) 8-Inch

Directions:

1. Cut leather to make two even lengths large enough for your bracelet. (sample used 2- 14 in pieces)
2. Make a loop with both pieces of leather knotting them on one end. This will be used to fit the Tierracast button (TC01247) through, ensure the loop fits the button prior to pulling knot snug. Attach Ear wire to 33mm Crescent Connector Charm using two (2) 4mm Jump Rings.
3. On the two strands of leather add 2 gemstones on one side and 1 gemstone (MRQ8RLLH-FDC-8) on the other. Pull the two strands together and thread through the gold flower bead (A006784). Add 5 cut pieces of chain with gemstones to jump ring and attach to bottom loop of 30mm Multi-Layer Arched Charm/ Pendant.
4. Repeat step 3 alternating the side with 2 or 1 gemstones.
5. Tie leather through Tierracast button (TC01247), using a traditional knot.
6. For added security, add a small drop of super new glue (A015821) to ensure knot is secure.

Note* Sample bracelet measures 8in. For a larger bracelet you may want to purchase a couple extra A006784.
