- ☐ (1) A011525 9mm Gold Plated 20 Gauge Round Jump Ring
- ☐ (1) A011519 5mm Gold Plated 20 Gauge Round Jump Ring
- ☐ (1) AW00106 26 Gauge Non-Tarnish Brass Artistic Wire

Tool Suggestions:
- 2 chain or round nose pliers
- Side cutter

Directions

1. Wire wrap Zirconia Peach gemstone (Zir3RL-F-PCH) using approximately 1 ft AW00106 Artistic wire around 50mm Gold Hoop (Z008278) one by one until fully covering the front of the hoop. Snip any remaining artistic wire and wrap around hoop to hide any extra wire.
2. Using one 9mm Gold Jump ring (A011525), connect TierraCast Clasp (TC025791) and Sunset Charm (Z016456) together including the top of the Gold Hoop (Z008278) before closing the jump ring. ***Important- There are 3 holes on the TierraCast Clasp. Open the clasp. Connect this jump ring to the back side of the Clasp, the back side contains two holes, you can use either hole.
3. Using one 9mm Gold Jump ring (A011525), connect Large Forest Green Tassel (Z011720) to the bottom of the Gold Hoop (Z008278)
4. Measure desired length of chain and cut chain if necessary. This design does not have a clasp so be sure to keep the chain long enough to put over your head. Connect Chain to remaining two holes on TierraCast Clasp ***Important- There are 3 holes on the TierraCast Clasp. Connect one jump ring to the front of the TierraCast Clasp and one jump ring to the back of the TierraCast Clasp.
