Directions:

1. Pick out the 6mm round gemstones you want to use from the strand.
2. Slide the following on to one of the head pins:
 - a. Czech skull bead
 - b. Triangle bead cap - be sure to put it on with the concave facing up. This creates a "crown" look.
 - c. Gemstone
 - d. Spacer bead
 - e. Trim and make a simple loop
3. Do step 2 to make a total of three dangles.
4. Add 2 of the dangles to the 1st and 3rd loops on the diamond shape connector by opening the simple loop like a jump ring.
5. Make a "chain" with 3 oval jumprings and use that to attach the 3rd dangle to the center of the diamond shape connector.
6. Slide the following on to an eye pin:
 - a. Spacer bead
 - b. Gemstone
 - c. Spacer bead
 - d. Trim and make a simple loop
7. Do step 6 to make a total of four connectors and set them aside.
8. Slide the following on an eye pin:
 - a. Czech skull bead
 - b. Triangle bead cap - be sure to put it on with the concave facing up. This creates a "crown" look.
 - c. Gemstone
 - d. Spacer bead
 - e. Trim and make a simple loop
9. Using the oval jump rings, attach 2 of the connectors you made in step 6 to the top loop of the diamond shape connector.
10. Open the simple loops on those connectors and add one of the skull dangles you made in step 8 onto each of them.
11. Open the simple loops on the skull dangles and add 2 of the connectors you made in step 6 to each of them.
12. Open the jump rings on the adjustable necklace clasp and attach to the simple loops on the connectors you added in step 11.
