

## DIY0203 DIY Silver Pearl and Rhinestone Glam Necklace

### Tools Needed:

- Two Chain Nose Pliers

### Components List

- (1) **Z021131** - 39x24mm Elegant Pendant with Faux Pearl Embellishment in Rhodium Plating from the Glam Collection - 2 Pack
- (1) **Z020657** - 20x8mm Crystal Embellished Intricate Link/Connector in Rhodium Plating from the Glam Collection - 2 Pack
- (2) **A008131** - 7mm Silver Plated Bar Chain
- (1) **Y001007** - 9mm Silver-Plated Swivel Lobster Clasps - 5 Pack
- (1) **Z011500** - 4mm Silver Plated 20 Gauge Round Jump Ring - 25 Pack
- (1) **TC01260** - 5mm White Bronze Plated Brass 16 Gauge Jump Ring by TierraCast

### Directions:

1. Measure the chain to your desired length. And then measure that in half. \*\*note, you don't need to cut this chain, the little oval links are like jump rings.
  - a. The necklace Heidi made is approximately 18.25" long including the clasp. The chain length she used is 16.5". So each side is 8.25" long.
2. Using the jump rings, attach the Crystal Embellished Intricate Link/Connectors (Z020657) to the loop on the Elegant Pendant (Z021131).
3. Using the jump rings, attach one piece of the chain to each of the Crystal Embellished Intricate Link/Connectors (Z020657).
4. On the end of one of those chains, use a jump ring to attach the lobster clasp.
5. On the end of the other piece of chain, use a jump ring to attach the larger TierraCast jump ring (TC01260).
