

DIY0212 DIY Sun Shower Earrings - Gold

Tools Needed:

- Two Chain Nose Pliers
- Cutter

Components List

- (1) **CH01041** - 4mm Gold Plated Brass Round Flat Disc Coin Chain
- (1) **Y002106** - Coiled French Earring Wires - Gold Filled
- (1) **Z021488** - 22mm Shiny Off Center Donut Connector/Component from the Chic Collection- Gold Plated Brass
- (1) **A011517** - 4mm Gold Plated 20 Gauge Round Jump Ring - 25 Pack

Directions:

1. Start by cutting the Disc Coin chain as follows, be sure to just cut the oval jump ring in between the discs:
 - 2 pieces that have 7 disks
 - 1 piece that has 8 disks
 - 1 individual disk
2. Using the jump rings, attach the chain that has 8 disks to the center hole on the metal component, then attach the chains that have 7 disks to the outer holes.
3. Using jump rings, attach one end of the individual disk to the top of the metal component.
4. Open the loop on the ear wire and attach it to the other end of the individual disk.
5. Repeat all steps for the other earring.
