

DIY0222 DIY Boudoir Lampshade Earrings - Matte Green Iris and Silver

Components List

Tools Needed:

- Chain Nose Pliers - we recommend the Micro Grip with the extra fine nose. It helps with the really small jump rings.
- Cutter

- (1) **Z020617** - 12x17mm Intricate Bead Cap Pendant in Rhodium Plating from the Global Collection
- (1) **Z020657** - 20x8mm Crystal Embellished Intricate Link/Connector in Rhodium Plating from the Glam Collection - 2 Pack
- (1) **Y002092** - Thin Coil French Earring Wires - Sterling Silver
- (1) **SB04240** - 3x5.5mm Long Drop Miyuki Beads - Matte Metallic Patina Iris
- (2) **A002413** - 4mm Silver Plated 22 Gauge Round Jump Ring - 25 Pack
- (1) **Z007856** - 3mm Silver Plated 22 Gauge Round Jump Rings - 50 Pack
- (1) **A008131** - 7mm Silver Plated Bar Chain

Directions:

1. Cut the small links on the chain so that you have individual bars. You will need 12 of these per earring.
2. Using the 4mm jump ring (Z002434), attach the bead and one end of the bar from the chain. Close jump ring.
3. Make 12 of these.
4. Using the 3mm jump ring (Z007861), attach the other end of the bar to one of the loops on the large bead cap. This is where having pliers with a very fine tip really helps.
5. Using a 4mm jump ring, attach the crystal embellished link to the top of the large bead cap. Close jump ring.
6. Open the loop on the ear wire and attach it to the top of the crystal embellishment. Close the loop.
7. Repeat all steps for the other earring.
