

# SLING AND SWATHE SHOULDER IMMOBILIZER

**EZYWRAP** designed the Sling and Swathe Shoulder Immobilizer to be fully universal and comfortably support the hand and forearm during recovery. The wide swathe has an elasticized insert for a secure and comfortable fit with figure-8 straps to relieve pressure from the neck.

Our shoulder orthosis is usable directly off-the-shelf with Velcro® engineered to be strong in shear and easily removable in peel, allowing for strength without struggle.

Approved **PDAC** L3660

## INDICATIONS FOR USE:

- Post operative support and positioning
- Injuries requiring immobilization
