A BLEND OF

BRAZIL
GUATEMALA
• & •
ETHIOPIA

SuperNova is our signature blend, created to be sweet and rich, whether you choose to enjoy it as an espresso or brewed coffee. The structured chocolate foundation gives this coffee enough body and sweetness to be represented well in all brew methods.

This iteration blends coffees from Brazil, Guatemala and Ethiopia to create a smooth chocolate base with sweet berry overtones that transforms into a sparkling citric finish.

We created this blend to act as a refined, modern interpretation of classic espresso. However, it is a very flexible coffee, also working well as a filter option or iced coffee.
