

BUILDING YOUR FUTURE

ARE YOU:

- A farm assistant, herd manager or farm manager?
- A student?
- Getting started in your own dairy business?
- A new entrant into farming?

... AND looking to progress?

Lynaire Ryan, Agri Consultant from New Zealand, and Paidi Kelly, consultant at TeamAg, are delighted to offer a 5 series webinar for young people looking to grow their finances and plan their desired life and business direction.

Building your Future – Zoom Webinars 7.30 pm-9.30 pm

1.	Steps to Wealth Creation	Mon 15 Nov
2.	Equity growth and setting financial goals	Mon 22 Nov
3.	Strategic planning	Tues 30 Nov
4.	Building and understanding your team	Tues 7 Dec
5.	Farmer panel discussion – 3 farmers	Tues 14 Dec

After taking part in this webinar series, participants will have a clear understanding of the principles that drive financial and personal progress. They will have a template of how to develop a one page strategic plan and feel confident in how to set and achieve goals.

They will also have a better understanding of their own personality, and how to leverage their strengths and work best with other people. As a result of these five webinars participants will have an excellent foundation from which to drive future career and business progress.

PRESENTERS

Lynaire Ryan has been involved in developing and facilitating seminars for dairy farm business owners, staff and families in NZ and Ireland, since 1997. These focus on business, financial and strategic planning training.

Examples include:

- Business Brush up and Strategic Management seminars in Ireland in 2018 and 2019 attended by over 500 farmers
- DairyNZ's Progression Groups – for farm employees, contract milkers and sharemilkers getting started in the industry
- Building your Future courses – for farm staff, university students, and sharemilkers
- DairyNZ's Mark and Measure - over 2500 dairy farmers have attended these highly acclaimed seminars
- Irish Wealth Creation - 16 day course – attended by over 200 farmers

Paidi Kelly, TeamAg consultant, has helped many farmers get into new business arrangements such as share farming, partnerships and leasing, and has also set up his own farming business in a partnership which operates on all leased land.

Paidi's industry contributions include:

- Co-founding the Progression in Dairying Forum which is an online group for people interested in collaborative farming ventures.
- Lead author of the People in Dairy Report which outlines the requirements for people in Irish dairying and the key aspects of making dairy farming an attractive career.
