“SDS Online” Help Guide

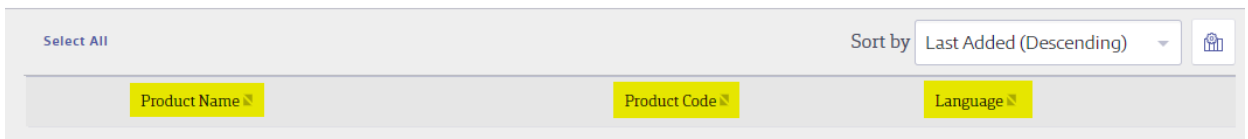

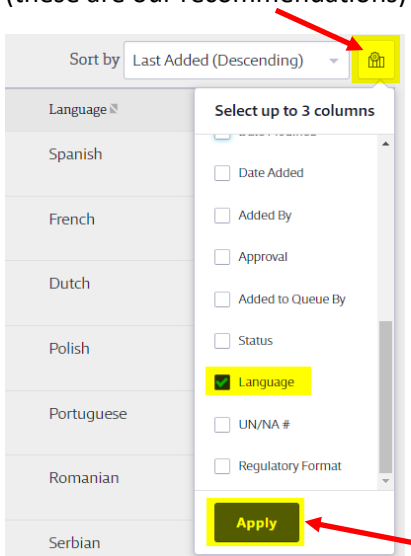

Online System = [Link](#)

SDS = Safety Data Sheet

Change the columns you see:

Select the icon on the right and select: **Product Name, Product Code, Date Modified, and Language.** (these are our recommendations)

Search and filter options to find an SDS:

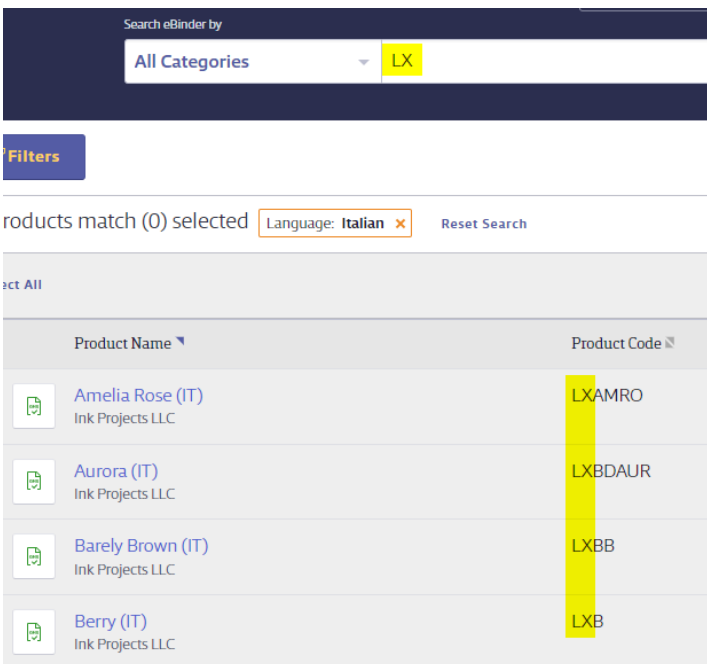

1. Search by text string. For example ... *ink name*.

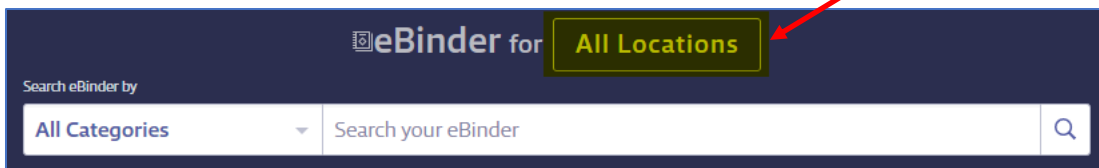

2. Add additional filters if you like using the "Filters" button.

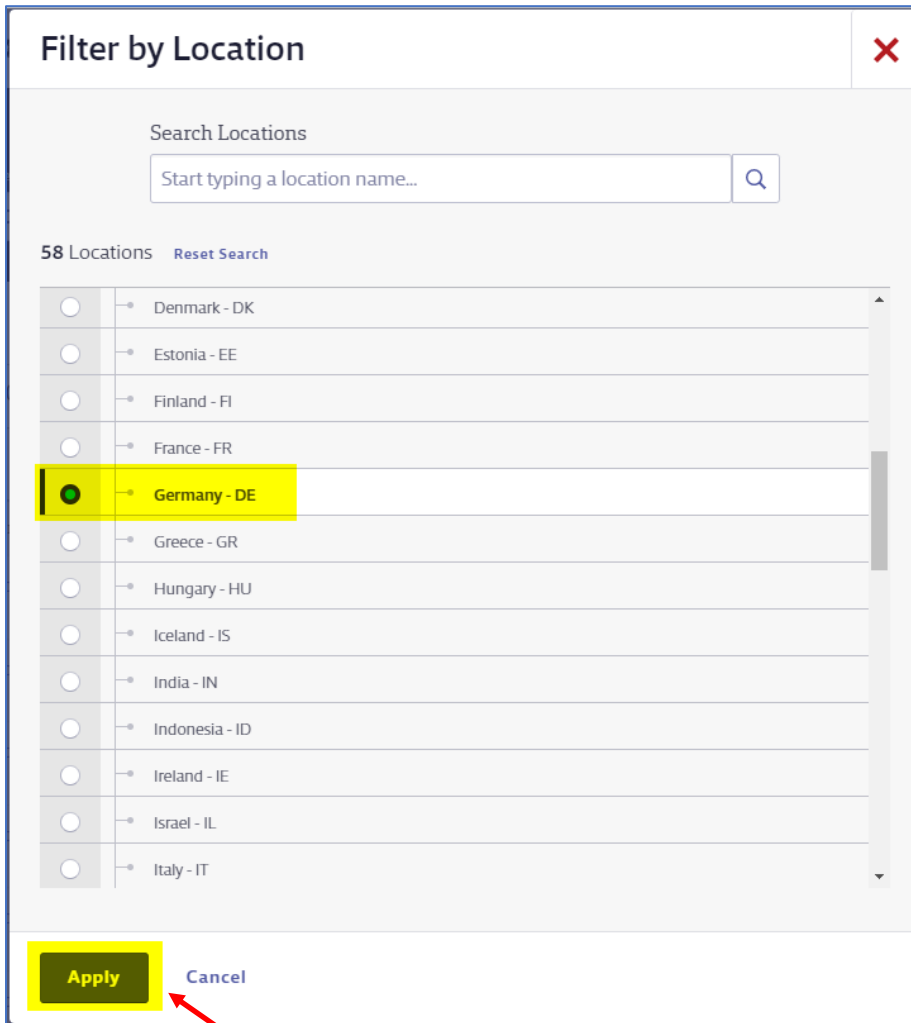

3. To search for all inks within a specific **brand**, use the following:
 - a. **Luxe** prefix = LX
 - b. **Limitless** prefix = LT
 - c. **Imperial** prefix = IM

4. If it helps, narrow your search by selecting a “location”. This will display SDS’s in a specific regional format and language.

The screenshot shows the top navigation bar of the eBinder interface. On the right side, there is a button labeled "All Locations" which is highlighted with a yellow box and a red arrow pointing to it. Below this, there is a search bar with the text "Search eBinder by" and a dropdown menu currently set to "All Categories". To the right of the dropdown is a search input field with the placeholder text "Search your eBinder" and a magnifying glass icon.

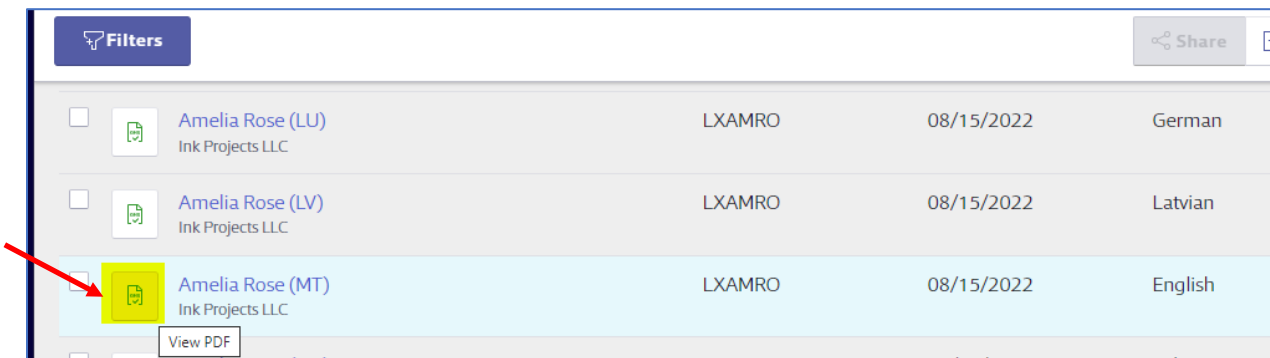

The screenshot shows a "Filter by Location" dialog box. At the top, there is a search input field with the placeholder text "Search Locations" and "Start typing a location name...". Below the search field, it says "58 Locations" and "Reset Search". A list of countries is displayed, each with a radio button and a right-pointing arrow. The "Germany - DE" option is selected, indicated by a filled radio button and a yellow highlight. At the bottom of the dialog, there are two buttons: "Apply" (highlighted in yellow) and "Cancel". A red arrow points to the "Apply" button.
