DISCLAIMER

When wet, the surface of the majority of shower trays will show an increase in the potential for slipping. This is particularly the case when soap, shampoo, bath oil etc. are used. It is important that designers, installers and users are aware of this.

90mm fast flow waste, includes hair trap and chrome cover.

Please Note: Order codes on the Touchstone **do not** include waste, waste must be ordered separately. **Code: DWAS**
