Dermalogica Pro Power Peels

Cell turnover slows dramatically as we age, by approximately 20 days in younger and middle-aged adults, up to over 30 days in older adults. As this happens, it affects the skin's appearance and texture in a variety of ways. From fine lines and wrinkles to acne and hyperpigmentation, chemical peels are one of the most effective ways to address these changes. But they're not a one-size-fits-all treatment: for optimal results, a peel should be strong enough to accelerate cell turnover but not so powerful as to induce severe skin inflammation.

Since every client's skin is different, we offer completely customised treatments using Dermalogica's strongest and fastest peel yet! Using a range of new blends, including glycolic, salicylic and lactic acids the Pro Power Peels aim to promote skin health and deep exfoliation without compromising the skin.

Pro Power Peel 30

Your skin therapist will create a customised peel to instantly rejuvenate and refresh your skin. Starting with a skin analysis, your therapist will determine which peel is best for your skin and concerns. Using the unique system of three different acids for a deep exfoliation personalised to you, it is ideal to target lines and wrinkles, uneven pigmentation or breakouts. It's the perfect treatment for instant and long lasting results in just 30 minutes!

€75

Pro Power Peel 60

The customised Pro Power Peel 60 combines the benefits of our Pro Power Peel 30 treatment with additional advanced techniques and technologies! Through consultation, your therapist will determine what your skin needs and wants and will tailor your treatment to target those concerns. Using professional grade exfoliators alongside a customised serum, masque and head massage your therapist will ensure your skin is left clear, smooth and glowing. You've never had a peel treatment like this before!

We must do a consultation and patch test at least 48 hours before your first peel. These consultations take approximately 15 mins and are free of charge

After your Pro Power Peel 30 or Pro Power Peel 60, your therapist will give you your home care kit to ensure you are looking after your skin correctly in the days following your peel.
