COMPACT-THOR
... *the Baling Grinder*

*Shrink
Your Waste*

BIG TIME!

COMPACT-THOR is a Powerful, Baling
Grinder that Efficiently Shreds,
Compacts and Produces Bales of
Environmental Waste.

COMPACT-THOR

shreds the material, compacts it, and produces a tight bale that can be stored on site or transported to a storage site using a basic, low-cost, easy to schedule flatbed trailer.

Compact-Thor's patented shredding, compacting and baling process is not just a game-changer, it is disrupting the entire environmental disposal industry with

THE BALING GRINDER.

- No more expensive logistics using specialty environmental waste trucks.
- No more moving loose, shredded environmental waste material to yet another location of loose environmental waste. Think about that. No more converting one pile of waste into just another pile of waste.
