Download the APP and Register an account

1 Download "Tuya Smart" APP. **2** Click "Sign Up".

3 Choose your country. Enter your mobile number or a valid Email address to get verification code.

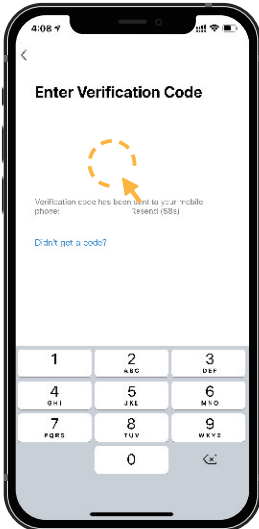

Tuya Smart

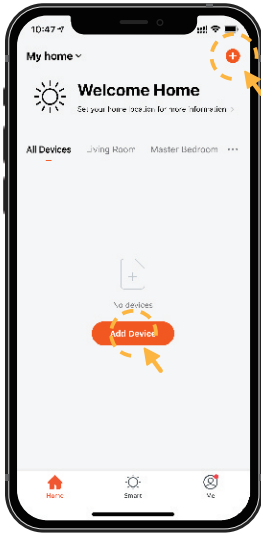

4 Enter the verification code.

5 Set password to complete the registration.

Add device

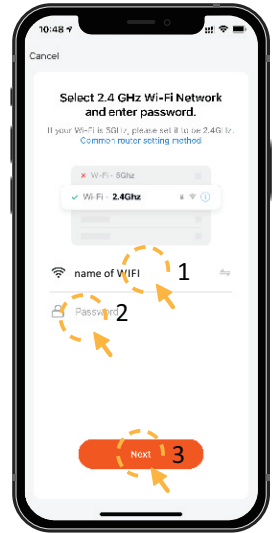

1 Click "Add Device" or "+".

2 Click "Small Home Appliances" from the list, then click "Fireplace(Wi-Fi)".

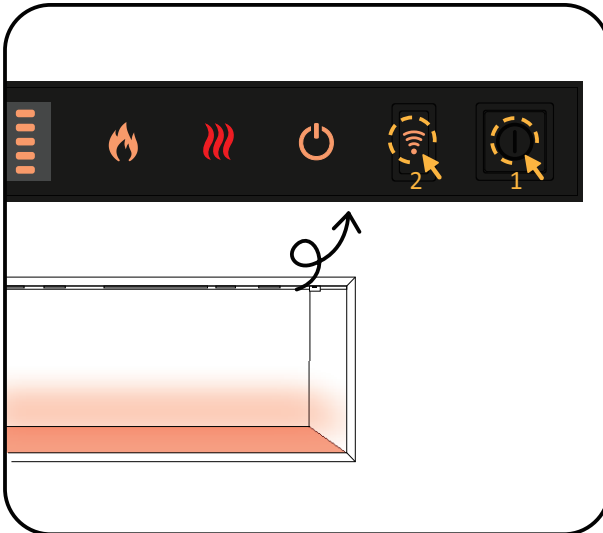

3 Select WiFi network and enter the password. Click "Next".

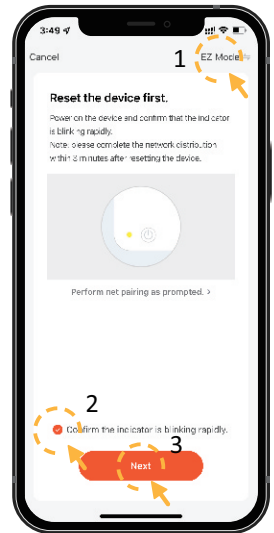

NOTE: Make sure your router is using a 2.4 GHz channel. The distance between the router and fireplace isn't less than 50cm.

4 Turn on the appliance, then press and hold the WiFi button until you hear 3 beeps. The WiFi indicator and fuel bed start to flash.

5 Choose the EZ Mode, confirm the indicator is flashing and click "Next".

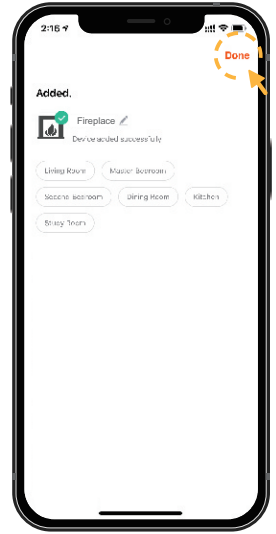

6 Start to add device.

7 Added. Fuel bed becomes in green and stops to flash.

8 Click "Done" to complete pairing.

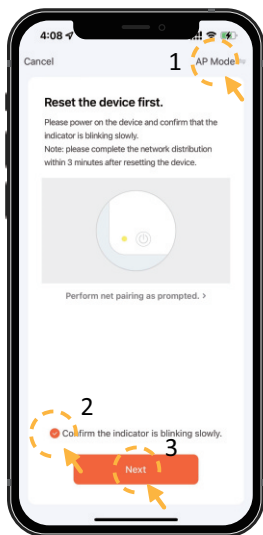

■ If the pairing is failed in EZ Mode, please try AP Mode.

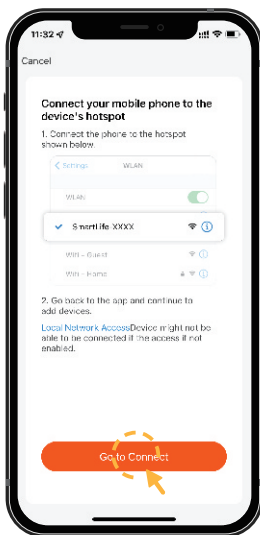

9 Press the WiFi button, you will hear 3 beeps, then keep pressing until you hear other 5 beeps and the indicator flashes quickly.

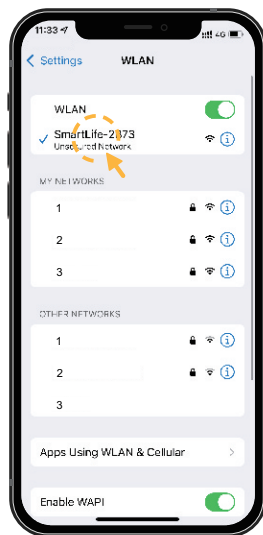

10 Choose the AP Mode, confirm the indicator is flashing and click "Next".

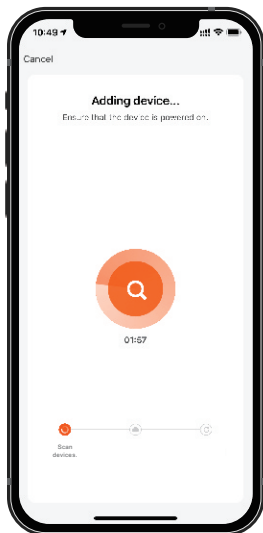

11 Click "Go to Connect".

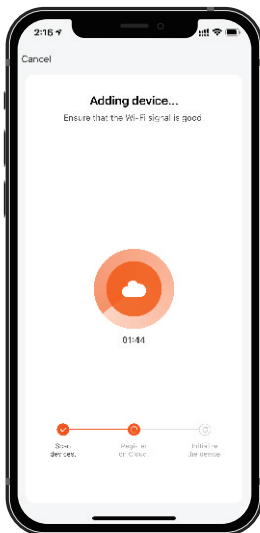

12 Choose a WiFi called "SmartLife-XXX".

13 Go back to the APP. Start to add device.

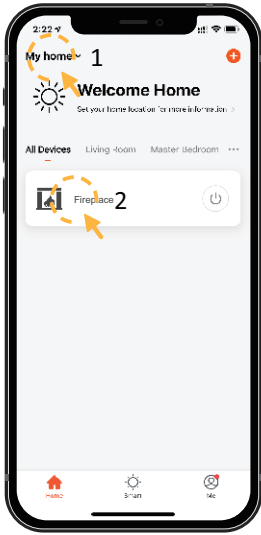

14 Adding device.

15 Added. Fuel bed becomes in green and stops flashing.

16 Select the right home, click the name of fireplace to enter the homescreen.
