

INDOOR GAS

# UNIVERSAL GAS | RANGE

Inbuilt Installations

Jetmaster 700 inbuilt gas fire

## Classic simplicity.

There is nothing quite like the enchanting ambience of an open-fronted fire. Jetmaster fireplaces are built to provide striking centrepieces with class-leading performance and visual appeal.

The Jetmaster Universal gas fire range offers a classic design and beauty in its simplicity. A flat bed burner stretches across the combustion chamber with generous gas flames flickering through glowing coals. And the double-skin steel firebox delivers the perfect jet stream of heat to your living space. Brilliant heat. Beautiful to watch.

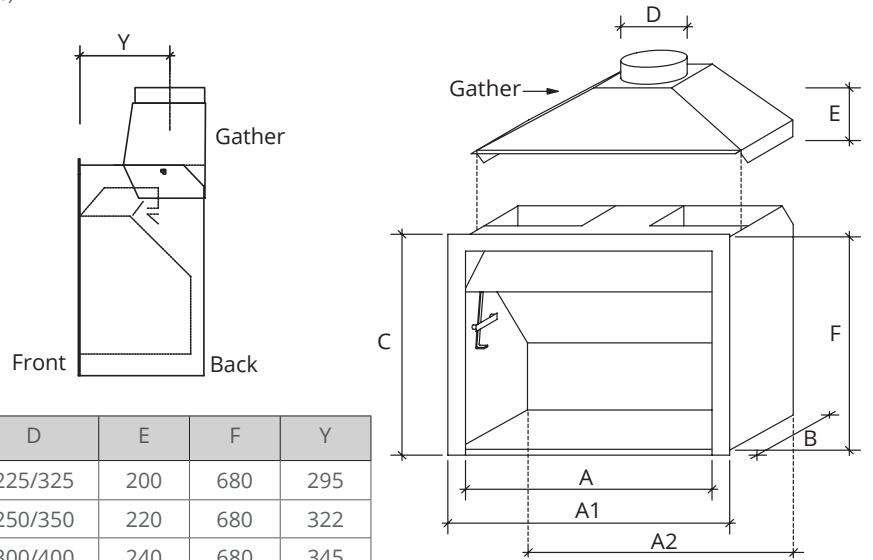

## Key Features

-  Open-fronted fire ambience
-  Size range - 700, 850, 1050
-  Optional remote control or wall switch
