ANTARCTIC POST CARDS & LETTERS

These are rare pieces of Antarctic history and we probably have the best stock in the world. All cards are in mono colour and most are photographed and printed before the South Pole was reached by Amundsen in 1911.

Many of the photos are by the famous Herbert Ponting, and represent the first pictures of Antarctica ever seen widely in Europe and the Empire. We also have letters and postal history from these expeditions.

Details on request. We also buy similar material.

ANTARCTIC POSTAL HISTORY AND FIRST DAY COVERS

We have thousands of Antarctic Covers in stock, especially F.A.T., B.A.T., Falklands, Ross, Russia, U.S.A., A.A.T., and South America. Many have scarce cachets, stamps, base cancels and expedition signatures.
