

CHARLES & IVY

Pedestrian Gates Collection

Luxury Composite Fencing

Charles & Ivy began with a simple observation:

Conventional fencing, gates and screening is unremarkable, dull and maintenance-heavy.

We made it our mission to **create a stylish, durable and a low-maintenance modular fencing and gate system.**

As our ideas developed, we saw the potential for our products to **further elevate outdoor** spaces.

We have designed a **modular fencing and gate system** which offers a broad range of creative, beautiful and long-lasting options for your garden.

Our fencing products are **exclusive and designed by Charles & Ivy.**

Fencing
For Life

Pedestrian Gates

CHARLES & IVY

Transform your home and garden with our luxurious and no-maintenance composite products.

Our easy-to-install products not only add a personal touch to your outdoor space, but also provide an eco-friendly fencing solution.

Made with a mix of recycled plastics, our products use the equivalent of up to 80 plastic bottles per fence slat.

Give your home a luxury upgrade with exclusive Charles & Ivy designs.

Eco-Friendly

Charles and Ivy are the UK's largest composite fencing supplier, known for our innovative designs and commitment to sustainability. We produce a range of eco-friendly composite products such as fencing, gates, planters, decorative screens and more, made from recycled plastic materials.

We pride ourselves on using recycled plastic to create high-quality, long-lasting products that are both functional and good for the environment. By diverting plastic waste from landfills and reducing the demand for new plastic, we are able to make a positive impact on the planet, whilst also meeting the needs of our customers. We are dedicated to designing and producing sustainable solutions that are both beautiful and durable

Benefits of composite slatted fencing

Weatherproof

Our tough composite resists rot, mould, and has in-built UV protection ensuring the colour will not fade.

No Maintenance

Our composite is easy to clean and you'll never need to paint, treat or stain.

Adaptable

You can cut our composite products to the size you need without compromising the structural integrity.

Slat Finish

Our fully weatherproof slats match the same finish as corresponding fencing.

Eco-friendly

All of our composite gate slats are eco-friendly and manufactured using recycled plastics.

If you have any design ideas that you cannot find available on our website, please contact us to speak with one of our product specialists to discuss your design ideas.

Charles & Ivy products are built to the highest standards of quality and craftsmanship.

FAQ's

What is included?

The slats and screen you have chosen, gate frame (to your chosen dimensions), handle and hinges.

The slats that you have chosen are fully assembled by us into the gate frame (to your chosen width dimensions). We will deliver to you the fully assembled gate - our gate handle is to be fitted by you after your gate has been installed into position.

What is the finish on the gate frame?

The gate frame is manufactured using marine grade aluminium.

The frames are then treated and finished with a high quality powder coating (black colour), ensuring a robust and durable finish to withstand all weather conditions.

Can the gates be locked?

Both sides of handle are lockable and come with 3 keys.

Are gates easy to install?

Yes, our gates are easy to install by a competent tradesperson or DIY'er. Ensure the surface that the gate hinges are fixing to are solid and square to the ground, If fixing to a freestanding post, ensure the post is sunk 60cm into the ground and fixed securely.

Can gates be opened inwards and outwards?

Yes, gates can be fitted to open inwards or outwards and hung with hinges on the right or left.

What are the product dimensions?

Gates are available in 4 heights — 94cm, 124cm, 154cm, 184cm, the width is chosen by you up to 120cm. We then fully assemble your gate design to your chosen design, height and width.

What are the product dimensions?

All gates are available in 4 heights and any width up to a maximum of 120cm and come fully assembled.
