

CHARLES & IVY

Bin Screen Collection

Luxury Bin Screens

Charles & Ivy began with a simple observation:

Conventional fencing, gates and screening is unremarkable, dull and maintenance-heavy.

We made it our mission to **create a stylish, durable and a low-maintenance modular fencing and gate system.**

As our ideas developed, we saw the potential for our products to **further elevate outdoor** spaces.

We have designed a **modular fencing and gate system** which offers a broad range of creative, beautiful and long-lasting options for your garden.

Our fencing products are **exclusive and designed by Charles & Ivy.**

Eco-Friendly

Charles and Ivy are the UK's largest composite fencing supplier, known for our innovative designs and commitment to sustainability. We produce a range of eco-friendly composite products such as fencing, gates, planters, decorative screens and more, made from recycled plastic materials.

We pride ourselves on using recycled plastic to create high-quality, long-lasting products that are both functional and good for the environment. By diverting plastic waste from landfills and reducing the demand for new plastic, we are able to make a positive impact on the planet, whilst also meeting the needs of our customers. We are dedicated to designing and producing sustainable solutions that are both beautiful and durable.

Benefits of composite Bin Screens

Weatherproof

Our tough composite resists rot, mould, and has in-built UV protection ensuring the colour will not fade.

No Maintenance

Our composite is easy to clean and you'll never need to paint, treat or stain.

Adaptable

You can cut our composite products to the size you need without compromising the structural integrity.

Slat Finish

Our fully weatherproof 18mm thick bin screens feature a deep wood grained finish on both sides.

Eco-friendly

All of our bin screens are eco-friendly and manufactured using recycled plastics.

Bin post types

Our Decorative Bin Screens can be utilised with our composite or aluminium posts.

Composite Posts

Each composite post comes with a post cap, base plate, base plate cover and fixing kit to suit where fencing is situated. The post height is available in 128cm. The post heights when sunken into the ground is 158cm. The posts can be used for both straight runs and corners. Posts are available in black.

Aluminium Posts

Each aluminium post comes with a post cap, base plate, base plate cover and fixing kit to suit where fencing is situated. The post height is available in 128cm. The post heights when sunken into the ground is 158cm. The posts can be used for both straight runs and corners. Posts are available in black.

How to install Bin Screens

There are several ways to install Bin Screens, and the specific method you choose will depend on the type of fence you are installing, the terrain and conditions of the installation site, and your personal preferences and skills. Here are the three most common methods for installing fencing.

Our products have been designed for straightforward installation by a confident DIY-er or handyman.

FAQ's

What are the posts made from?

Our composite posts are made from a premium composite using recycled wood powder and plastics. Our highly durable posts are all fully weatherproof, UV protected and require no maintenance, painting, or staining. Our aluminium posts are manufactured using a high-grade aluminium, with an industry leading wall thickness of 1.8mm. All our metalwork is then powder coated to marine-grade standard, resulting in a robust and superior aesthetic finish.

What is included?

The screens and posts you have chosen, post top caps, post base plate with covers, fixing kits.

What is the finish on your screens?

Both sides of the screens feature a deep wood grained finish.

Can your composite posts be sunk into the ground?

Yes if chosen, our posts can be sunk into the ground, we recommend sinking any 37cm to 120cm posts, 30cm into the ground and any 150cm to 210cm posts 60cm into the ground.

Can I use the posts on corners?

Yes, our posts have slots down each side so you can use them both on straights or corners. We also provide the blanking strips for the empty channels you won't be using.

Is there a warranty?

We're confident in the quality and durability of our products. That's why we offer an industry-leading 15 year warranty.
