

CHARLES & IVY

Decorative Screen Collection

Luxury Decorative Screens

Charles & Ivy began with a simple observation:

Conventional fencing, gates and screening is unremarkable, dull and maintenance-heavy.

We made it our mission to **create a stylish, durable and a low-maintenance modular fencing and gate system.**

As our ideas developed, we saw the potential for our products to **further elevate outdoor** spaces.

We have designed a **modular fencing and gate system** which offers a broad range of creative, beautiful and long-lasting options for your garden.

Our fencing products are **exclusive and designed by Charles & Ivy.**

CHARLES & IVY

Transform your home and garden with our luxurious and no-maintenance composite products.

Our easy-to-install products not only add a personal touch to your outdoor space, but also provide an eco-friendly fencing solution.

Made with a mix of recycled plastics, our products use the equivalent of up to 80 plastic bottles per fence slat.

Give your home a luxury upgrade with exclusive Charles & Ivy designs.

Eco-Friendly

Charles and Ivy are the UK's largest composite fencing supplier, known for our innovative designs and commitment to sustainability. We produce a range of eco-friendly composite products such as fencing, gates, planters, decorative screens and more, made from recycled plastic materials.

We pride ourselves on using recycled plastic to create high-quality, long-lasting products that are both functional and good for the environment. By diverting plastic waste from landfills and reducing the demand for new plastic, we are able to make a positive impact on the planet, whilst also meeting the needs of our customers. We are dedicated to designing and producing sustainable solutions that are both beautiful and durable.

Decorative screen inspiration

Benefits of composite Decorative Screens

Weatherproof

Our tough composite resists rot, mould, and has in-built UV protection ensuring the colour will not fade.

No Maintenance

Our composite is easy to clean and you'll never need to paint, treat or stain.

Adaptable

You can cut our composite products to the size you need without compromising the structural integrity.

Slat Finish

Our fully weatherproof 18mm thick screens feature a deep wood grained finish on both sides.

Eco-friendly

All of our screens are eco-friendly and manufactured using recycled plastics.

If you have any design ideas that you cannot find available on our website, please contact us to speak with one of our product specialists to discuss your design ideas.

Charles & Ivy products are built to the highest standards of quality and craftsmanship.

FAQ's

What are your screens made from?

Our decorative screens are made from a premium composite using recycled wood powder and plastics. Our highly durable screens are all fully weatherproof, UV protected and require no maintenance, painting or staining.

Can your panels be used both outdoors and indoors?

Yes, all our panels can be used and look fabulous both in your home or garden. Our panels can be hung both vertically or horizontally to suit your setting as well as offering a dual sided finish to give you more options.

Which thickness is right for me?

The 6mm panel is ideal for wall-mounting or using as a roof to add shade to an outdoor seating area. The 18mm panel is sturdier, so better suited for building privacy screens, in our fences, partitions, or to achieve a chunkier, wall-mounted look.

Can your panels be cut to a specific size?

Yes, all our composite products are easily cut into any desired size you require. Please speak to our product specialists.

Are the screens easy to install?

Yes, all screens are easy to install with screws and rawl plugs.

Is there a warranty?

We're confident in the quality and durability of our products. That's why we offer an industry-leading 15-year warranty
