About Us

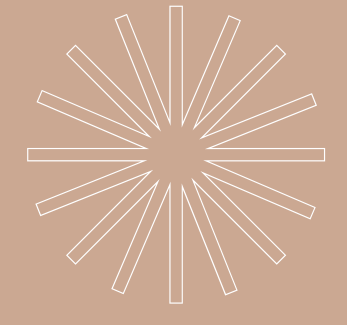

55 Baker Street is a teeny tiny 100 square feet garage converted into a state of the art micro bakery, tucked away in between sky-high buildings of Marine Dr, Mumbai. As of today the whole operations is handled by Shivani & Harsh Minawala.

We have built our brand on hard work and pure passion for the craft of baking. Our philosophy has always been freshly made, small batch products of the highest quality.

We started with Sourdough, Chocolate Chip Cookie and Blueberry Lemon Cake. Two years later our kitchen is producing gamut of sourdough, breads from around the world, pantry staples, pastry, desserts and confectionery.
