Indigo

POOL • PATIO • BBQ

Indigo Pool Patio BBQ is a locally owned and operated swimming pool construction company and outdoor living retail center. Let us help you turn your backyard into a personal oasis.

Every new construction or renovation project is unique. It starts with a design and making that design work for you and your home. Every project receives an experienced project management team supervised by the owner and licensed contractor of the company. You will receive scheduling updates and have direct contact with the team and be able to speak to the owner throughout all phases of the construction process.

If you are looking to fully optimize your outdoor living space, consider building an outdoor kitchen. Nothing completes your outdoor living area like the ability to cook without running in and out of the house all the time.

We also operate a full pool service and repair department. We provide weekly pool service and handle repairs and equipment installations. We specialize in automated controls to operate your pool, as well as salt chlorine generators to keep your pool chemically balanced. We install the highest efficiency pumps, filters and heaters available in the market today.

In 2012, Indigo expanded and opened a retail portion of the business to cater to all your "Outdoor Living" needs. Our retail store is conveniently connected to our construction showroom, so everything you need to create your personal oasis is under one roof! At the retail store, we carry BBQ grills accessories, fuel and fire, patio furniture and pool accessories.

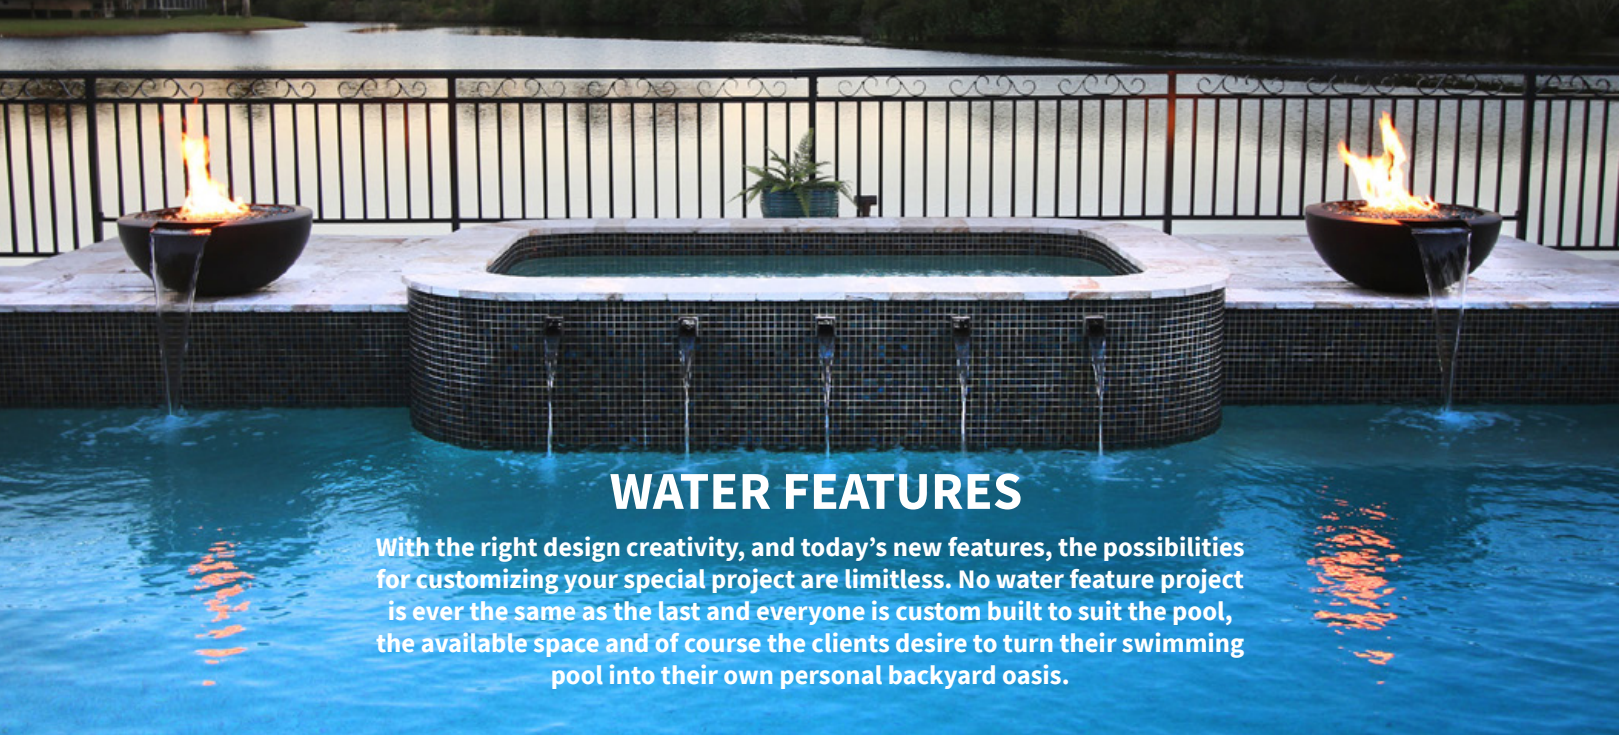

When it comes to choosing a pool builder, we understand that there are an abundance of contractors in the area to choose from. It can be difficult to choose the right company for your project and note the differences between various contractors. We are a company that prides ourselves on quality products and craftsmanship, which is why we build our swimming pools from the best materials on the market.

If you can dream it... We can design & build it!

Whether it's "simple and budget-friendly" or "an exotic backyard resort," we have the talent and experience to make your swimming pool remarkable. No swimming pool project is ever the same as the last and every pool is custom built to fulfill our clients wishes. Add a relaxing spa, soothing water feature or eye popping fire feature to enhance your outdoor living space.

Every new swimming pool project is unique. It starts with a swimming pool design specialists that will work closely with you to visualize and implement a design plan that is perfectly suited to fit your home, budget, and lifestyle. Every project receives an experienced project management team supervised by the owner and licensed contractor of the company. You will receive scheduling updates and have direct contact with the team and be able to speak to the owner throughout all phases of the construction process. Starting with the initial design phase and throughout the construction process, we'll build your dream pool with the highest quality standards available.

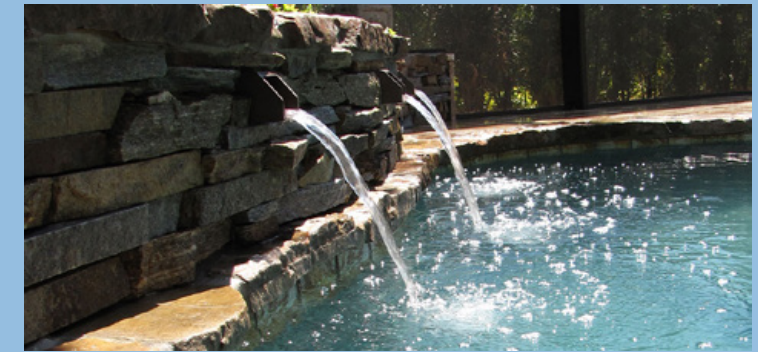

WATER FEATURES

With the right design creativity, and today's new features, the possibilities for customizing your special project are limitless. No water feature project is ever the same as the last and everyone is custom built to suit the pool, the available space and of course the clients desire to turn their swimming pool into their own personal backyard oasis.

ARC RAIN WATERFALLS

Arc Rain Waterfalls provide streams of water that project up at 45 degrees and then naturally arcs and descends to the pool surface.

WATER SCUPPERS

Water scuppers are a slot or spout that is attached to a wall or pedestal. Water flow styles include chute, trough, and sheet.

CUSTOM INGROUND SPAS

When it comes to wellness and relaxation, nothing beats the benefits of having a custom built, fully personalized spa and water feature in your backyard.

SPILLOVER SPAS

Add elegance to your swimming pool with a spillover spa. Connects directly to your pool through a small curtain or fountain of water. The water moves directly from the spa into the swimming pool, spilling over a ledge.

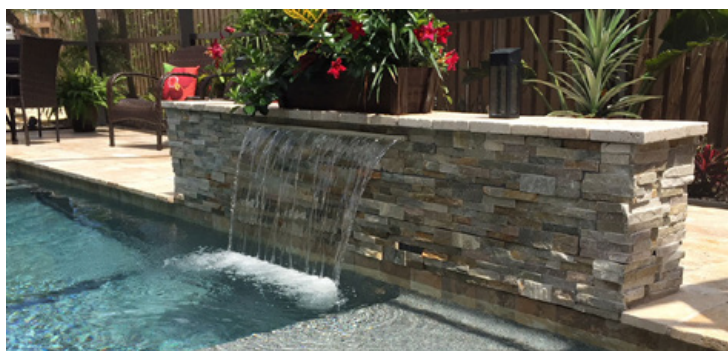

DECK JETS

Create a dazzling water show in your own backyard. Deck Jets add fun and excitement to your pool and spa experience. Deck Jets form shimmering arcs of water from a deck or patio into a pool or spa.

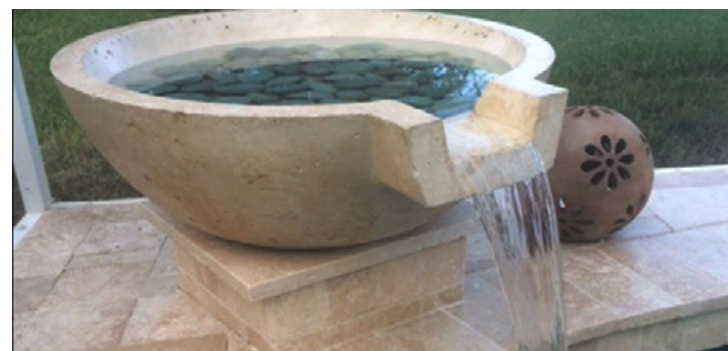

FIRE BOWLS

Adding a water and fire feature to your outdoor living area can turn an ordinary space into something exceptional.

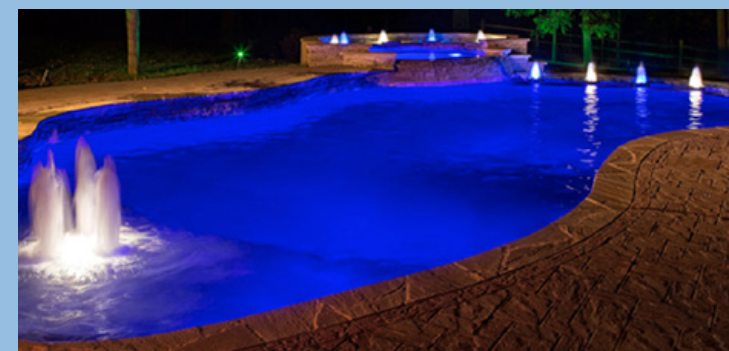

SHEER DESCENT WATERFALLS

Appearing like a thin sheet of glass, this type of waterfall forms an arc as it flows away from the pool wall. The sheer descents can range from half a foot to several feet wide.

WATER BOWLS

Add an elegant sound of flowing water to your pool with a stronger and more durable water bowl. Many finishes and colors to choose from that will match your hardscape area.

LIGHTED BUBBLERS

The perfect way to showcase and enhance pool features like sun shelves, steps, beach entries and other poolscape elements.

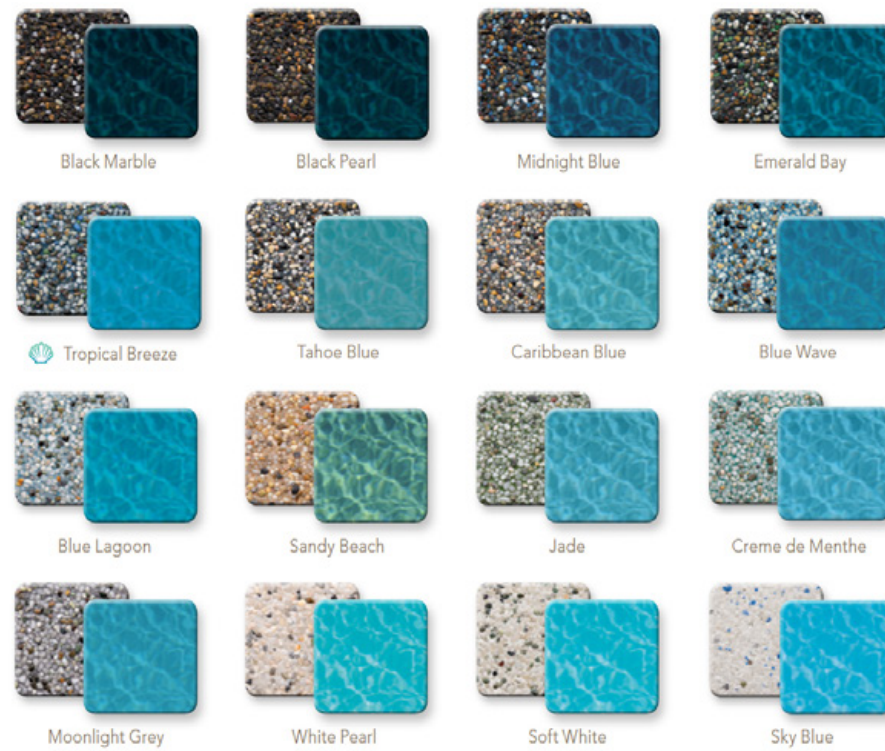

TELESCOPIC BUBBLERS

This telescoping water feature rises when activated and then drops down flush with the pool surface when it's time to swim or play.

PebbleTec® The Original

POOL FINISHES

Often imitated, never duplicated, PebbleTec & PebbleSheen pool finishes help create the kind of luxurious, durable pools, spas and water features that provide a lifetime of inspiration and relaxation. Whether you are building a new pool or starting a pool remodeling project these finishes deliver an elegant, long-lasting beauty combined with resilience and durability. These pool finishes strive to enhance the look, feel and ambiance of backyards. They provide pure materials, best textures, and deeper, richer colors. PebbleTec and PebbleSheen bring the perfect pebbles to you from around the world. Each stone is screened to achieve consistency for a uniform texture.

Pebble Technology, Inc. was the first to patent the process for durable, naturally beautiful pebble pool finishes in the United States over three decades ago. Experience the natural, refined, and old-world elegance offered by Pebble Technology, Inc.

At Indigo, we exclusively use PebbleTec & PebbleSheen for all pool finishes. We believe providing our customers with only quality and reliable products which is why we choose them. Their unique process is why it is the only company on the market able to offer a lifetime warranty on material and labor from the manufacturer and installer. In our showroom, we display samples of PebbleTec and PebbleSheen, so that you are able to compare finishes and select your favorite color.

PebbleSheen® Refined Textured Finish

POOL DECKS

At Indigo, we offer two different types of materials to use for your pool deck: Concrete Pavers and Travertine Pavers.

Both have their own unique style, come in various color styles and can be installed in different patterns to fit your desired flair. Our showroom displays samples of each for your choosing.

Travertine Pavers are made of natural stone and always cool to the touch

Safe skid-resistant finish

Many colors to choose from and sizes ranging from 6x12 to 24x24

A more elegant solution that extends your inside living area to your outside pool deck. The beauty of the natural stone pavers will add value and enduring visual appeal to any pool project

Concrete Pavers made from a high strength formula blended with color additives to create many variations to choose from

Thick and thin pavers available for new pools or renovations

Offers a range of colors, textures and patterns to enhance outdoor areas

SCREEN ENCLOSURES

Screen enclosures around your pool and patio are a great addition to the area. They provide protection from debris like leaves and tree branches, keep nuisance animals away from your entertaining space and can keep children away from the pool if playing in the nearby yard. A screen doesn't have to block your view either! You can upgrade your screen to an open view where you have a clear view of the surrounding landscape. With the Florida climate, adding stainless steel hardware can prevent rust and corrosion, allowing your cage to last for years to come with minimal upkeep!

Traditional Screen

Open View Screen

EQUIPMENT

There are many choices to make when building or renovating your swimming pool and spa. One of the most important is choosing the right equipment. We are proud to offer the finest equipment available on the market from Pentair Pool Products. Pentair is the leader in quality products and service and offers the most eco-friendly products.

POOL AUTOMATION:

EasyTouch pool and spa control systems eliminate repeated trips to the equipment pad, as well as memorizing operating sequences, opening and closing valves and resetting time clocks and thermostats.

The ScreenLogic2 Interface allows you to control the key functions of a pool or spa using the EasyTouch control system, through controllers such as an iPad, iPhone, Apple Watch or Mac computers. You can even have Alexa activate your spa or water features or tell you the status of your pool with a simple voice command from your Amazon Echo, or similar devices.

LIGHTING:

GloBrite® Color LED Lights & IntelliBrite® 5G Color LED Pool Lights add brilliant multicolor lighting to your water. Showcase and enhance pool features like sunshelves, steps, beach entries and other water features.

POOL FILTRATION & PUMPS:

Quad D.E. pool filter features four large-capacity cartridges that provide maximum filter surface area for greater dirt-trapping capacity and longer periods between cleanings. The Clean & Clear RP Cartridge Filter has a side-entry port, which provides nearly 50% more efficiency than any other single-cartridge filter available. We also carry the IntelliFlo variable speed pump which is the best selling VSP pump in the world.

POOL WATER TREATMENT:

IntelliChlor & iChlor Salt Chlorine Generator uses common table salt to produce all the chlorine a pool needs, safely, effectively and automatically. It provides the same sanitation performance as harsh chlorine additives without the drawbacks. There's no need to buy, handle and store chemicals.

HEATING & COOLING:

Ever taken a dip in a pool so cozy it felt like the water was hugging you? From gas heaters and heat pumps to a first-of-its-kind Hybrid heater, Indigo can show you the way to that wonderful kind of warm.

POOL SERVICE

We provide a weekly pool cleaning and chemical service so you can have a truly "Maintenance-Free" pool. We do not require an annual contract; you can pay by the month and cancel at any time. We even have a "vacation service" schedule we perform for many customers that go back home for the summer. We provide a simple written service agreement that describes how and when we service your pool so that everyone understands the plan to maintain your pool.

Unlike other pool companies in the area, we provide preventative maintenance to avoid unnecessary issues and help with stain and scale control. The Natural Chemistry ProBlend keeps your pool in great condition to prevent problems. If you choose to maintain your own pool, we can provide you with the resources you need to keep your pool running properly. At our retail store we offer complimentary water testing. You can bring in a sample of your pool water and our team can recommend chemicals and treatment that's right for your pool.

EACH WEEKLY CLEANING INCLUDES:

- Test and adjust the chemicals
- Empty the skimmer and pump baskets
- Clean or backwash the filter (*As necessary*)
- Skim away any surface debris
- Brush the walls & tiles
- Vacuum the pool (*As necessary*)

POOL REPAIR SERVICES

Our experienced and knowledgeable staff can help you when there is a problem with the mechanical parts of your swimming pool. Our pool supply retail operation has most parts in stock and can promptly order the parts we do not have. We are an Authorized Warranty Service Center for Pentair and can handle most warranty repairs quickly and efficiently.

We offer complete equipment installations/replacements and can point you in the right direction to make your system work more efficiently. Upgrades to variable speed pumps, salt chlorine generators, and LED lighting could possibly save you hundreds of dollars in operating costs.

We handle the complete installation of pool heat pumps, gas heaters, solar systems and more. We are competitively priced for all repairs and the equipment we install, and all our work is guaranteed and backed by manufacturer warranties.

With a 7,000 sq. ft. showroom, Indigo offers the largest selection of BBQ grills in the area. We carry quality grills from top brands including:

Indigo carries a wide variety of BBQ accessories. We truly have all your BBQ and outdoor living needs under one roof!

- Rubs, Spices & Sauces • Meat Injectors
- Charcoal • Pellets • Starters • Smoking Chunks & Chips
- Pizza Ovens & Accessories • Blackstone Griddles & Accessories • Rotisserie Kits
- Grilling Tools & Utensils • Grilling Cookware • Grill Attachments • Grill Replacement Parts • Grill Covers • Grill Lights
- Lodge & Finex Cast Iron • Thermometers • Knives & Cutlery • Professional Cutting Boards • Aprons & Grilling Gloves

OUTDOOR KITCHENS

Your backyard is the perfect place to unwind and relax, especially if you have the proper furniture.

PATIO FURNITURE

Create your own outdoor oasis with patio furniture to compliment your new swimming pool. We offer a variety of furniture from Tropitone, Telescope Casual, Patio Renaissance, Seaside Casual, Ledge Lounger and Jensen Leisure. We carry everything from sofas and sectionals to fire pits, dining sets and chaises. At Indigo, you are able to buy product right off our showroom floor or stop by to gather ideas and allow us to custom order furniture with your ideal fabric and frame choices.

If you are looking to fully optimize your outdoor living space, consider building an outdoor kitchen. Nothing completes your outdoor living area like the ability to cook without running in and out of the house all the time.

At Indigo, we recommend and use outdoor kitchen cabinets by NatureKast, Challenger Designs and Open Air Cabinetry. For built-in grills, we recommend and use grills by Twin Eagles, Delta Heat, Alfresco, Napoleon, Fire Magic, American Outdoor Grill and Blaze Outdoor Products. Vent hoods and refrigeration units are popular upgrades for outdoor kitchens that make cooking outside a breeze. We use Vent-A-Hood, Twin Eagles and Coyote Outdoor Living for venthoods, and Perlick, Twin Eagles and Delta Heat for refrigeration units.
