

DORINGBAY

Tastes Of The West Coast

PINOT NOIR ROSÉ 2023

ORIGIN

Doring Bay is the home location for the Fryer's Cove Winery. The actual winery is perched on the jetty that juts into the cold South Atlantic Ocean. The unique winery building is an old Crayfish factory, and our winery, as far as we know is the only winery built on the sea in the world!

CRAFT

The season started off with some weather fluctuations which influenced bud break and flowering and causing less and uneven loose bunches with small berries. Despite the challenges and recovering from the severe drought the wines shows good acidity levels and very nice flavour profiles. Phenolic ripeness occurred at lower sugar levels resulting in lower alcohol wines.

TASTE

It screams at you! "Sexy gorgeous colour, fresh, crisp, strawberries, gentle raspberries, dry moreish elegance - Please enjoy me now!" We think it does! Perfect on a hot day or watching a beautiful sunset! All the hallmarks of our unique West Coast style of cool climate, terroir driven Pinot Noir being tickled into a delicious dry Rosé.
