Bathroom accessibility, so simple. The complete line of Quick Tub Walk-Thru Inserts can convert ANY existing bathtub into a fully accessible shower. By cutting out a portion of the sidewall our Quick Tub Walk-Thru Inserts can reduce the step in height of your tub by up to 12" depending on the insert most suited to your bathtub. The process of converting your tub takes as little as a few hours to complete. This simple product is the quickest and most affordable option for reducing slips and falls when showering. Quick Tub inserts have some of the widest and deepest profiles on the market.

INSERT SIZES

Narrow and Wide Inserts work with standard size bathtubs. Xtra-Deep Inserts are best suited for larger soaker bathtubs.

Wide & Xtra-Deep Cap

COLOUR White
ITEM CODE CAPWXW

Still want to take a bath? No problem! The patented Quick Tub Cap lets you convert back to a fully functional bathtub in only seconds. This light-weight product maintains full use of your bathtub for both a shower and a bath. Nothing to install, just drop the Cap in place, close the handles and you're ready to go.

The zinc cast and chromed handles make securing or opening the cap as simple as it gets. Guaranteed never to leak and with a lifetime warranty on the seal function, you are all set. For full warranty details, visit www.quicktub.com
