

Safety Data Sheet

Trade name: Feminine Spray – Bona Dea Naturals Revision No. 1.0 Page 1 of 10

SECTION 1: Identification

Identification

Product Name: Feminine Spray
Product Form: MCT oil based liquid
Product Item Number: 2005679

Other Means of Identification: Not applicable

Recommended Use and Restrictions of Use

Relevant identified uses: External, topical liquid.

Uses advised against: Not for ingestion. Any usage of this product other

than the recommended instructions on the label has

not been tested and is not viewed as safe.

Contact Information:

Manufacturer:

Name: Vitality Works, Inc.

Address: 8500 Bluewater Rd NW

Albuquerque, NM, 87121

Phone Number: 505-268-9950

Supplier:

Name: Bona Dea Naturals Address: 2102 Howson Rd. Raleigh, NC 27603

040 000 0400

Phone Number: 919-602-3460

EMERGENCY TELEPHONE NUMBER:

CHEMTREC: 1-800-262-8200 (U.S)

Safety Data Sheet

Trade name: Feminine Spray – Bona Dea Naturals Revision No. 1.0 Page 2 of 10

SECTION 2: Hazards identification

GHS Classification(s): Not classified

Hazard Statements:

Hazard pictograms

Signal word: Danger

Hazard statements: H302 - Harmful if swallowed

H315 - Causes skin irritation

H317 - May Cause an allergic skin reaction

H320 - Causes eye irritation

H335 - May cause respiratory irritation

Precautionary statements:

P102 – Keep out of reach of children

P103 - Read label before use

P210 – Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking

P211 – Do not spray on an open flame or other ignition source

P235 – Keep cool

P242 – Use only non-sparking tools

P264 – Wash hands thoroughly after handling

P270 – Do not eat, drink or smoke when using this product

P301 + P312 - IF SWALLOWED: Call a poison control center/doctor if you feel unwell

P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

Supplemental Hazard information: None

SECTION 3: Composition/Information on Ingredients

Mixtures

Description of the mixture: Herbal extract in olive oil

Substance Name	Synonyms	CAS No.	Concentration v/v	GHS Classification
Medium Chain Triglycerides (MCT) Oil	Caprylic Capric Triglycerides	73398-61-5	98.5%	Not Classified
Calendula Oil (in Olive Oil)	N/A	8001-25-0	0.36%	Skin Irrit Cat. 2
Echinacea Oil (in Olive Oil)	N/A	8001-25-0	0.36%	Eye Irrit Cat. 2B
Vitamin E Oil	d-alpha- Tocopherol	59-02-9	0.3%	Not Classified
Tea Tree Essential Oil	N/A	68647-73-4	0.21%	Flam. Liq. Cat. 4 Acute Oral Toxicity Cat. 4 Skin Irrit. Cat 2 Eye Irrit. Cat 2A Resp. Tox. Cat 3
Palmarosa Essential Oil	N/A	8014-19-5	0.1%	Flam. Liq. Cat. 4
Orange Essential Oil	N/A	8008-57-9	0.07%	Flam. Liq. Cat. 3 Skin Irrit. Cat 2 Skin Sens. Cat 1 Asp. Tox. Cat 1
Lemongrass Essential Oil	N/A	8007-02-1	0.05%	Flam. Liq. Cat. 4 Skin Irrit. Cat 2 Eye Irrit. Cat 2A Skin Sens. Cat 1 Asp. Tox. Cat 1

SECTION 4: First aid measures

Description of first aid measures

Following inhalation: Move individual to fresh air. If breathing problems persist,

contact a medical professional

Following skin contact: If rash or irritation occurs, consult a physician

Following eye contact: Flush with cool, running water for 10 minutes. Remove contact

lenses. Contact a physician if problems persist.

Safety Data Sheet

Trade name: Feminine Spray – Bona Dea Naturals Revision No. 1.0 Page 4 of 10

Following ingestion: Contact poison control if nausea or vomiting occur. Do not

induce vomiting unless instructed to do so by a healthcare

professional. Drink water to dilute.

Self-protection of the first aider: No special precautions needed. Avoid contact with the substance

if possible

Most important symptoms and effects, both acute and delayed

Symptoms/Effects following inhalation: Difficulty breathing may occur

Following skin contact: Redness or irritation may occur

Following eye contact: Burning or irritation may occur

Following ingestion: Nausea may occur

Indication of any immediate medical attention and special treatment needed

Notes for the doctor None

Special treatment None

SECTION 5: Firefighting measures

Extinguishing media

Suitable extinguishing media: Foam, dry chemicals, sand/Earth, carbon dioxide

Unsuitable extinguishing media: Do not use a steady water stream as this may spread the fire.

Special hazards arising from the substance or mixture

Hazardous combustion products: Not known

Advice for fire-fighters:

Precautions: Wear self-contained breathing apparatus for firefighting. May be combustible

at higher temperatures.

Special Equipment: No special equipment needed

Safety Data Sheet

Trade name: Feminine Spray – Bona Dea Naturals Revision No. 1.0 Page 5 of 10

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Protective equipment: Use gloves when handling spills

Emergency procedures: Quarantine area while spill is being addressed. Ventilate area and

remove non-necessary personnel. Remove any sources of ignition.

Avoid breathing vapors or gas

For emergency responders

Personal protective equipment: No special protective equipment necessary

Environmental precautions: Avoid pouring down drains unless instructed to do so by the

appropriate officials

Methods and material for containment and cleaning up

For containment: Stop spilling or leaking before cleaning up mess. May transfer to another

container to stop leaking. Stop liquid from reaching drain by using

absorbent materials such as clean rags or towels.

For cleaning up: May use absorbant material to clean up spill and then discard in trash. For

larger spills, first dilute area with water and mop up liquid. Discard down

drain.

SECTION 7: Handling and storage

Precautions for safe handling

Protective measures

Advice on safe handling: Use gloves when directly handling material. Eye protection may also be

used

Fire preventions: Avoid handling with sparking tools and keep away from open flames and

heat sources

Aerosol and dust generation preventions: None

Environmental precautions: Avoid release into the environment and/or soil.

Conditions for safe storage, including any incompatibilities

Suitable Storage Containers: Glass, steel or plastic closed containers may be used.

Safety Data Sheet

Trade name: Feminine Spray – Bona Dea Naturals Revision No. 1.0 Page 6 of 10

Materials to avoid: None

Conditions to avoid: Avoid open flames or heated environments. Keep containers sealed

and in a well-ventilated, cooled environment.

SECTION 8: Exposure controls/personal protection

Control parameters

Occupational exposure limits: Not applicable

Exposure controls

Appropriate engineering controls: Not applicable

Personal protective equipment

Eye / Face protection:

Suitable eye protection: Safety glasses should be used when directly handling the

material in large quantities

Skin protection:

Hand protection: Gloves (nitrile or latex) should be used when handling this

material

Body protection: Reduce skin exposure as much as possible

Respiratory protection: A mask may be used if directly working with exposed material or

in the case of a spill. If breathing problems occur, remove the

individual from the area to fresh air

SECTION 9. Physical and chemical properties

Appearance

Physical State: Liquid

Color: Yellow to golden brown

Odor:
Odor threshold:
Odor threshold:

> **Evaporation Rate:** No data available Flammability (solid/gas): Not applicable Upper Flammability Limit: No data available Lower Flammability Limit: No data available Vapor Pressure: No data available Vapor Density: No data available Relative Density: 0.93-0.97 g/ml Solubility (Water): Not soluble in water Partition Coefficient (n-octanol/water): No data available Auto-ignition Temperature: No data available Decomposition Temperature: No data available

Viscosity:

No data available

SECTION 10: Stability and reactivity

Reactivity: Not applicable

Chemical stability: Material is stable under normal storage conditions

Possibility of hazardous reactions: May react with strong oxidizers, acids, and bases.

Conditions to avoid: Open flames, heat sources, extreme temperatures

Incompatible materials: Water

Hazardous decomposition products: Not applicable

SECTION 11: Toxicological information

Information on likely routes of exposure

Inhalation: Prolonged exposure may cause breathing problems or burning in the

lungs

Skin contact: No adverse reactions known.

Eye contact: Direct eye contact may cause temporary irritation or burning

Ingestion: Large amounts of ingestion may cause nausea and/or vomiting

Safety Data Sheet

Symptoms related to the physical, chemical and toxicological characteristics

Acute Toxicity:

 Component
 Species
 Toxicity (LD50)

 Tea Tree Oil
 Rat
 1,900 mg/kg (Oral)

 Rabbit
 5,000 mg/kg (Dermal)

 MCT Oil
 Rat
 >5,000 mg/kg (Oral)

Carcinogenicity: No data available

Reproductive Toxicity: No data available

Germ cell mutagenicity: No data available

Effects

Immediate: No data available

Delayed: No data available

Chronic Effects:

Short Term Exposure: No data available

Long Term Exposure: No data available

SECTION 12: Ecological information

Toxicity:

Aquatic toxicity No data available

Sediment toxicity No data available

Terrestrial toxicity

Toxicity to soil macroorganisms except arthropodsNo data availableToxicity to terrestrial arthropodsNo data availableToxicity to terrestrial plantsNo data availableToxicity to birdsNo data available

Assessment / Classification

Persistence and degradability No data available

Bioaccumulative potential No data available

Transport hazard class(es)	Not applicable	Not applicable	Not applicable
Hazard label(s)	Not applicable	Not applicable	Not applicable
Packing group	Not applicable	Not applicable	Not applicable
Environmental hazards	None	None	None

Transport in bulk according to Annex II of MARPOL and the IBC Code:

This product is not intended to be transported in bulk

Special precautions for user

None

SECTION 15: Regulatory information

SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

SARA 311/312 Hazards

Fire Hazard, Acute Health Hazard, Chronic Health Hazard

Massachusetts Right To Know Components: Not applicable
