Knob A can adjust backrest height.

Knob B can adjust backrest inclination.

# VINYL AFTERCARE

**1. Cleaning Instructions.** To ensure the safety and life of your vinyl seats, please use only specified cleaners and cleaning materials listed below.

**2. Accepted Cleaners.** Mix a small amount of mild dish soap with warm(not hot) water . Dip a very soft-bristled brush or soft cloth into the soapy water and gently scrub with seats in a circular motion. Wipe the water off with another soft, dry cloth.

**3. Unacceptable Cleaners.** Do not use abrasive cleaning compounds such as bleach or ammonia. They will harm the vinyl and, over time, cause the material to fade or tear.

Also, do not use:

Concentrated detergents

Silicone oils

Waxes

Petroleum distillates

Dry cleaning fluids

Solvents

Steel wool

Sharp cleaning tools

Abrasive cleaning materials or impements

Acid-based cleaners
