

Cresco 8W

Code: CR008W

For Winter

This entry level pedestrian spreader offers large volume application, designed specifically for salt.

Product Description:

The Cresco 8W is the best entry level salt spreader available. Most entry level spreaders only offer a 'three hole drop'. This is a term that describes the application holes needed to spread fertilizer. Instead, our 8W comes with a bespoke winter slider with a large application hole specifically designed for salt.

Unique Selling Points:

1 Year Warranty

Thick coating on cable linkage to prevent degradation

Retractable back stand and folding handlebar for easy storage

All benefits of the winter slider
