

# Secure Pilot Case

The SPC is a tough, adaptable case for a wide range of sensitive assets. It will protect A4 Lever arch files and ring binders, laptops, tablets, smartphones, digital memory devices, etc. The SPC can also be used for tactical items such as sidearms, Tasers, diversionary devices and PAVA sprays. The SPC is made from powder-coated alloy. The container base and lid are lined with hard-wearing bonded leather. The SPC employs a multi-point locking system, and accredited high security lock, that will Deter opportunistic theft, and Deny access to all but the most determined and well-equipped attacker. The combination of materials and design means that, should an attacker be successful, any authorised user will immediately Detect the breach. The SPC is supplied with a steel tether so that it can be easily secured to an immovable object.

The external dimensions of the SPC are 450mm wide, 340mm deep, and 225mm high. The internal dimensions are 445mm wide, 290mm deep, and 170mm high. The SPC weighs 4kgs when empty.
