

# SLM/SB/PC Standard Security Attaché

The SLM/SB/PC Standard Security Attaché provides a smart and secure means of transport for high-sensitivity paper and digital files. It will hold an A4 ring binder or several A4 folders and a 15" laptop. The light, durable alloy body is protected by a tough powder-coat paint finish, and the base and lid of the case are lined with hard-wearing bonded leather. The contents of the case are protected by a unique integrated hinge and multipoint locking system that will Deter opportunistic theft, and Deny access to all but the most determined and well-equipped attacker. The combination of materials and design means that, should an attacker be successful, any authorised user will immediately Detect the breach.

The external measurements of the SLM/SB/PC are 385mm wide, 320mm deep (front to back), and 65mm high. The load space inside the case measures 380mm wide, 280mm deep, and 60mm high. Empty, the case weighs 1.8kgs.

Each case is supplied with a 750mm long steel tether, that can be used to secure the case to immovable objects, and two keys for the accredited high security lock.
