

DataSheet

A modern solution to fire extinguisher mounting.

A fire extinguisher might be a vital piece of equipment and mandatory for public settings, but we understand that where aesthetics are also important, minimalism is key.

TUBULAR FIRE EXTINGUISHER STANDS

Our range of metal Tubular Stands are a great modern and discreet solution to fire extinguisher mounting yet still provide an obvious fire point for if, and when, it's required.

Available in a variety of finishes including Original Red and Stainless Steel, as well as either a Double or a Single Stand, it's the perfect solution for a number of different environments.
