

PRET A VOIR

If you have access to a printer please attach the below part of this sheet on the outer packing of your return so that we can distinguish your reglazing return and we can prioritise the glazing of your glasses. This step is not compulsory but makes the return more efficient.

Once you have filled out the information online with RoyalMail on how to return the glasses to us free of charge, print this page and tear the slip below. Please attach to the outer packaging before sending.

EXPRESS RETURN FOR LAB
