MonsterCombo® Bins

MonsterCombo® Bins are versatile, multi-use bulk containers for use in a variety of industries. These tough, durable, yet lightweight bins provide improved in-plant handling and over-the-road hauling capacities. Scientifically-engineered for added strength, **MonsterCombo® Bins** are rotationally-molded of USDA/FDA/CFIA compliant polyethylene. Every **MonsterCombo® Bin** holds up to the tough challenges associated with the handling and transport of food products and bulk materials.

Standard footprint: 48" x 44"
Available in heights from 30" to 62"

Features:

- Molded for extra strength with proprietary resin
- Extra thick corners and base resists impact and wear
- Reinforced top edge adds strength and resists splitting
- Smooth, seamless surface is easy to clean
- Costs less than stainless steel and lighter weight makes them easier to handle
- 2-way and/or 4-way forklift and pallet jack entries available
- Nestable/stackable 2-high with optional lid
- Stainless steel hardware on replaceable bases
- Optional drains available
