## CONE PLUS

**5** THE<sup>®</sup>  
ITALIAN  
LAB

### Dimensions:

L 1500, W 1500, H 950 mm

### Dimensions with seat:

L 1800, W 1500, H 950 mm

The planter with seat CONE PLUS is made of 30/10 thick galvanized and polyester powder coated sheet steel.

An exotic wooden seat, treated with natural waterproof oils, is placed at 90 degrees on one side of the planter. This seat is supported by a tubular structure 40x40x2 mm. A ring of 30x2 mm is welded on the top of the cone. The main feature of this planter is the 15° inclination of the top cone cut.

At the base plate, there are 4 - 10 mm holes for ground fixing with appropriate bolts (not supplied).
