

Pendant

The Neena Pendant is a collaboration in design by Atlason Studio and Hennepin Made. This fluid pendant was designed with both modern home, workspace, and hospitality settings in mind, with its seamless ability to be used independently or in a unique combination of multiples.

Neena combines crystal clear, opaline white, bronze, or smoke glass with five versatile metal spinning colors. The craftsmanship comes through in the process of hand-making each blown glass component; the weight and thickness of the design requires skilled technique at every step.
