

Canopies

Turn ceiling to sky with a canopy of 3, 7 or 20 lights. With an organic form honoring the human made quality of each piece, Lacuna is imbued with the intimacy between the maker and the material. The same glass is always used, heated at the same temperature (around 2,000 degrees). What distinguishes each piece is the human touch. The maker of the glass brings a unique character to each light, changing the form and shape just the right amount and embracing "imperfections."
