

## Flush Mount

With the same build as the Taku wall sconce this low profile option creates a solution for "hard-to-fit" design spaces. Providing wonderful ambient light for when setting a mood is key. Taku's small compact shape is an elegant and versatile fixture that adds a compliment to high design without taking too much attention. The integrated LED is hidden behind the metal cover to give it a radiant glow with an internal diffuser so the glass has two layers of light diffusion giving it the most uniform light qualities possible.

DIMENSIONS  
3.375" x 6"

LAMPING  
5W

LUMENS  
425
