

Neena Collection

HENNEPINMADE

Modern muse.

The Neena pendant is a beautiful collaboration in design between Atlason Studio and Hennepin Made. This fluid pendant was created with both modern home, workspace, and hospitality settings in mind, with its seamless ability to be used independently or in a unique combination of multiples.

A generous tip.

Each Neena pendant is crafted with an extra thick tip at the base that adds an elegant weight to the composition, which also refracts light in a unique and beautiful way.

Neena combines crystal clear, opaline white, bronze, or smoke glass with five versatile metal spinning colors. The craftsmanship comes through in the process of hand-making each blown glass component; the weight and thickness of the design requires skilled technique at every step.

The Neena pendant is available with 5 metal finishes and 4 glass options.
