ROBIC SC-500E
Operating Instructions
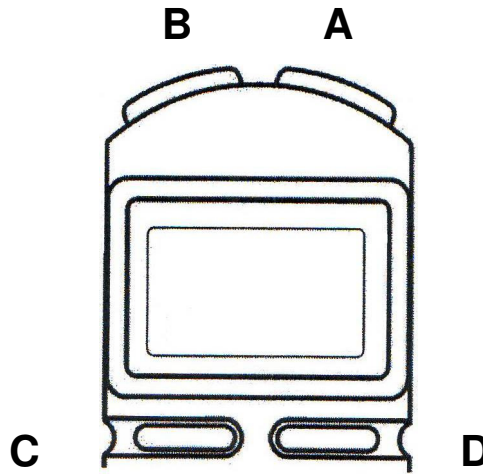

B   **A**

To Time Single Events

Press **"A"** to **START** timing.

Press **"A"** to **STOP** timing.

After reviewing the time reading, press **"B"** to **RESET** timer to all zeros.

Note: You may take as many consecutive single event times as necessary by

repeating this procedure.

C   **D**

Silent or Audible Operation

Pressing **"C"** will change from silent to audible operation. You may change this function at any time.

The SC-500E will time up to 10 hours with 1/100 second resolution.

PLEASE NOTE: The "D" (right front) pushbutton <u>DOES NOT</u> provide any function. Please avoid pressing this button.
