

# 12" CUT RESISTANT PRIMARY LEATHER PROTECTOR

**#1 IN DURABILITY** YOUNGSTOWN GLOVE SKU # 16-5200-12

Youngstown's 12" Cut Resistant Primary Leather Protector is ergonomically designed to fit perfectly over Class 1 thru 4 rubber insulating gloves per ASTM F496/ ASTM F696. We use the highest quality cow leather sewn into a 3D, pre-curved pattern to create a leather protector with incredible fit, dexterity and durability.

This model features a lining made with Kevlar® fiber by DuPont™ throughout the entire glove and cuff to provide enhanced cut resistance, puncture resistance and flame resistance. We finish the glove with an FR Strap System to ensure that nothing on this protector will drip, melt or ignite if exposed to an arc flash.
