

REVITALIZATION SECRETS OF THE SEA

Coral contains high concentrations of calcium but also 73 other minerals including magnesium for more health benefits and better effectiveness. This highly absorbable form of calcium also helps restore pH balance.

Naka Coral Calcium contains calcium as the primary ingredient, and magnesium second, Vitamin D and trace minerals, and the ratios of these minerals matches the human body's ratio perfectly.

✓ Helps in the development & maintenance of bones & teeth.

Health food store exclusive
