20 Products Under \$50 From Target Parents Will Be So Glad They Own

13. A [kid-sized table and chairs set](#) to protect your own table from scratches, markers, stamps, and Play-Doh. It also comes with storage underneath for easy, independent access! Kid-sized furniture can also be a great place for homework for school-aged kids or for mealtimes.

Target

Promising review: "I was really hesitant about the quality of this table and chairs set considering the cheap price. I am so glad I got it! It was super easy to put together (I wish all furniture was prepped this way!), and it's very sturdy. **My daughter loves it and uses it daily to color, complete puzzles, and play with Play-Doh.**" —[Cesira](#)
